

Blue Cross® and Blue Shield® of Minnesota and Blue Plus® are nonprofit independent licensees of the Blue Cross and Blue Shield Association

FOR EMPLOYEES OF: EMPLOYER SOLUTIONS GROUP GROUP BENEFIT BOOKLET

Effective Date: 01/01/2026

This information is also available in other ways to people with disabilities or who need it translated into another language by calling 1-800-382-2000. For TTY call 711.

PLEASE READ YOUR BENEFIT BOOKLET CAREFULLY

Notice of Nondiscrimination and Accessibility

At Blue Cross and Blue Shield of Minnesota and Blue Plus, we treat everyone fairly. We don't exclude you, or treat you less favorably, because of your race, skin color, national origin, age, disability status, or sex (including sexual orientation; sex characteristics including intersex traits; pregnancy or related conditions; gender identity; and sex stereotypes). We follow federal civil rights laws and don't discriminate against anyone based on these traits.

If you communicate best in a language other than English, you can request free language assistance services. If you have a vision, hearing, or speech impairment, we can communicate in a way that works best for you. This may include using sign language interpreters, providing documents in large print or Braille, audio recordings, or other aids at no charge.

Need these services? Call **1-855-903-2583**, TTY **711** or call the number on the back of your member identification card.

Discrimination is against the law.

If we failed to provide services or discriminated in another way based on your race, skin color, national origin, age, disability status, or sex, (including sexual orientation; sex characteristics including intersex traits; pregnancy or related conditions; gender identity; and sex stereotypes), you can file a complaint by contacting our Nondiscrimination Civil Rights Coordinator:

Email: Civil.Rights.Coord@bluecrossmn.com
Telephone: 1-800-509-5312
Mail: Blue Cross and Blue Shield of Minnesota
ATTN: Civil Rights Coordinator P3-2
PO Box 64560, Eagan, MN 55164-0560

Nondiscrimination complaint forms are available on our website at bluecrossmn.com/NDL, or from the Nondiscrimination Civil Rights Coordinator.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services

- electronically through the Office for Civil Rights complaint portal: ocrportal.hhs.gov/ocr/portal/lobby.jsf
- by mail at: U.S. Department of Health and Human Services,
200 Independence Avenue SW, Room 509F, HHH Building, Washington, D.C. 20201
- or by phone at: 1-800-368-1019, 1-800-537-7697 (TDD)

Civil rights complaint forms are available at hhs.gov/ocr/office/file/index.html.

ENGLISH

ATTENTION: If you speak a language other than English, language services are available free of charge. If you have a vision, hearing, or speech impairment, we can communicate in a way that works best for you. This may include using sign language interpreters, providing documents in large print or Braille, audio recordings, or other aids at no charge. Call 1-855-903-2583 (TTY 711).

ESPAÑOL (Spanish)

ATENCIÓN: Si habla Español, puede solicitar servicios gratuitos de asistencia lingüística. Si tiene una deficiencia visual, auditiva o del habla, podemos comunicarnos de la manera que le resulte mejor a usted. Esto puede incluir el uso de intérpretes de lengua de señas, el suministro de documentos en letra grande o braille, grabaciones de audio u otras ayudas sin cargo. Llame al 1-855-903-2583 (TTY 711).

العربية (Arabic)

تنبيه: إذا كنت تتحدث العربية، يمكنك طلب خدمات المساعدة اللغوية المجانية. إذا كنت تعاني من إعاقة بصرية أو سمعية أو نطقية، يمكننا التواصل معك بالطريقة التي تناسبك. وقد يشمل ذلك استخدام مترجمين للغة الإشارة، أو توفير المستندات بحروف كبيرة أو بطريقة برايل، أو تسجيلات صوتية، أو غيرها من الوسائل المساعدة من دون مقابل. اتصل على الرقم 1-855-903-2583 (الهاتف النصي 711).

አማርኛ (Amharic)

ትኩረት ይሰጥ፡- አማርኛ ቋንቋ የሚናገሩ ከሆነ፣ ነጻ የቋንቋ እገዛ አገልግሎቶችን መጠየቅ ይችላሉ። የማየት፣ የመስማት ወይም የመናገር ችግር ካለብዎት ለእርስዎ በተሻለ በሚሠራው መንገድ መግባባት እንችላለን። ይህ ደግሞ የምልክት ቋንቋ አስተርጓሚዎችን መጠቀምን፣ በትላልቅ ህትመቶች ወይም በብሬይል የተጻፉ ሰነዶችን፣ የድምፅ ቅጂዎችን ወይም ሌሎች መርጃዎችን ያለ ክፍያ ማቅረብን ይጨምራል። 1-855-903-2583 (TTY 711) ላይ ይደውሉ።

Welcome to Blue Cross

On behalf of Blue Cross (referred to as "we," "us," or "our"), we are pleased to welcome you as a member. This benefit booklet provides you with the information you need to understand your Blue Cross health plan. It is important that you read this entire benefit booklet carefully. If you have questions about your coverage, call Customer Service at the telephone number on the back of your ID card or log in at bluecrossmn.com.

This benefit booklet replaces all other benefit booklets you have received from us before the effective date. For purposes of this benefit booklet, "you" or "your" refers to the group member named on the member ID card and other covered dependents. Group member is the person for whom the group contractholder has provided coverage. Dependent is a covered dependent of the group member. The group contractholder has contracted with us to provide coverage for its group members and their dependents. Please refer to "Who is Eligible for Coverage" and "Terms You Should Know" for more information on terms and conditions utilized and defined by this benefit booklet.

This benefit booklet explains the health plan, eligibility, notification procedures, covered services, and services that are not covered.

Blue Cross is the insurer and the claims administrator. This health plan is a fully insured medical plan. Coverage is subject to all terms and conditions of this benefit booklet, including medical necessity and appropriateness.

All coverage and references to dependents in this benefit booklet are inapplicable for group member-only coverage.

Blue Cross and Blue Shield of Minnesota Member Rights and Responsibilities

You have the right as a health plan member to:

- be treated with respect, dignity and privacy;
- have available and accessible medically necessary and appropriate covered services, including emergency services, 24 hours a day, seven days a week;
- be informed of your health problems and to receive information regarding treatment alternatives and their risk in order to make an informed choice regardless of if the health plan pays for treatment;
- participate with your health care provider in decisions about your treatment;
- give your health care provider a health care directive or a living will (a list of instructions about health treatments to be carried out in the event of incapacity);
- refuse treatment;
- privacy of medical and financial records maintained by Blue Cross and its health care providers in accordance with existing law;
- receive information about Blue Cross, its services, its providers, and your rights and responsibilities;
- make recommendations regarding these rights and responsibilities policies;
- have a resource at Blue Cross or at the clinic that you can contact with any concerns about services;
- file a complaint or appeal with Blue Cross and receive a prompt and fair review. In addition, you may file your appeal with the Minnesota Department of Commerce; and
- initiate a legal proceeding when experiencing a problem with Blue Cross or its providers.

You have the responsibility as a health plan member to:

- know your health plan benefits and requirements;
- provide, to the extent possible, information that Blue Cross and its providers need in order to care for you;
- understand your health problems and work with your doctor to set mutually agreed upon treatment goals;
- follow the treatment plan prescribed by your health care provider or to discuss with your provider why you are unable to follow the treatment plan;
- provide proof of coverage when you receive services and to update the clinic with any personal changes;
- pay copays at the time of service and to promptly pay deductibles, coinsurance and, if applicable, charges for services that are not covered; and,
- keep appointments for care or to give early notice if you need to cancel a scheduled appointment.

Benefit Overview

Blue Cross and Blue Shield of Minnesota

Your Benefits

This benefit booklet outlines the general coverage under this plan. Please be certain to check the "Benefit Chart" section to identify specifically covered benefits. All services must be medically necessary and appropriate to be covered.

Please also review our "Not Covered" sections of the Benefit Chart and "General Exclusions" to determine services that are not covered. Some services and supplies are not covered, even if a provider considers them to be medically necessary and appropriate.

The "Terms You Should Know" section defines terms used in this benefit booklet. If you have questions, call Customer Service at the telephone number on the back of your ID card.

Note: Certain benefits may be subject to day, visit, and/or hour limits. In connection with such benefits, all services you receive during your covered calendar year will reduce the remaining number of days, visits, and/or hours available under that benefit, regardless of whether you have satisfied your deductible.

Benefit Period

Your group's benefit period is based on a calendar year. The calendar year is a consecutive 12-month period beginning January 1 to December 31.

During this time, charges for covered services must be incurred in order to be eligible for payment by Blue Cross. A charge shall be considered incurred on the date you receive the service or supply for which the charge is made.

Networks	
Your plan has a specific network of providers, which may change from time to time, including when providers or Blue Cross initiate or terminate in-network contracts.	
Prior to receiving services, it is recommended that you verify your provider's network status with Blue Cross, including whether the provider is in-network for your particular plan. Not every provider is in-network for every plan.	
To find an in-network provider, log in at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card.	
• In-network participating providers ■ In Minnesota ■ Outside Minnesota	High Value network providers BlueCard PPO network providers
• In-network participating pharmacy providers	Classic pharmacy network
For more information how your in-network providers work with your benefits, please refer to "How Your Program Works."	

General Provisions		
Benefits	In-Network Providers	Out-of-Network Providers
Primary care office visit copay	You pay \$25 per visit	Not applicable
Specialty care office visit copay	You pay \$25 per visit	Not applicable
Retail health clinic copay	You pay \$25 per visit	Not applicable
E-visit copay	You pay \$20 per visit	Not applicable
Urgent care office visit copay	You pay \$25 per visit	Not applicable
Deductible		
• Individual	You pay \$1,500	You pay \$5,000

General Provisions		
Benefits	In-Network Providers	Out-of-Network Providers
Family	You pay \$4,500	You pay \$10,000
Deductible – Embedded If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.		
Coinsurance	Generally, you pay 20% coinsurance after deductible	Generally, you pay 50% coinsurance after deductible
After any applicable deductible is met, you will pay coinsurance, which is a percent of the allowed amount, until the out-of-pocket is met. Then, you pay nothing to the end of the calendar year when using participating providers. You may have to pay any charges that exceed the allowed amount when using nonparticipating providers.		
Out-of-pocket limits – eligible medical services including pharmacy - Individual - Family	You pay \$4,000 You pay \$8,000	You pay \$10,000 You pay \$20,000
Out-of-pocket limit – Embedded If you have other family members on the plan, each family member must meet their own individual out-of-pocket limit until the total amount of out-of-pocket limits paid by all family members meets the overall family out-of-pocket.		
Lifetime maximum (per member) - If you live more than 100 miles from a provider eligible to perform abortion services, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to covered plan benefits for the procedure - If you live more than 50 miles from a BDCT provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a preauthorized transplant - If you live more than 50 miles from a pre-approved provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a pre-authorized gene therapy or cellular therapy treatment	\$2,500 <

Affordable Care Act (ACA) preventive covered prescription drugs	Retail pharmacy: You pay nothing 90dayRx retail pharmacy: You pay nothing Home delivery pharmacy: You pay nothing	Retail pharmacy: You pay nothing 90dayRx retail pharmacy: No coverage Home delivery pharmacy: No coverage

Benefit Chart

The health plan provides coverage of benefits for the following services you receive from a provider when such services are determined to be medically necessary and appropriate and be in accordance with any treatment plan prescribed by the member's treating health care provider. All benefit limits, deductibles, and copay amounts are described in the "Benefit Overview" section. In-network care is covered at a higher level of benefits than out-of-network care.

Except as specifically provided in this health plan or as Blue Cross is mandated or required to provide based on state or federal law, no benefits will be provided for services, supplies, prescription drugs, or charges noted under "Not Covered" in the benefit charts or in the "General Exclusions."

Prior authorization, admission notification, emergency admission notification and continued stay approvals are required for specific services. Please refer to "Medical and Behavioral Health Care Management." You are required to obtain prior authorization and continued stay approvals for specific services when you use nonparticipating providers in Minnesota and any provider outside of Minnesota. For more information, call Customer Service at the telephone number on the back of your ID card.

Coverage of Health Care Services on the Basis of Gender

Federal law prohibits denying or limiting health services, that are ordinarily or exclusively available to individuals of one sex, to a transgender individual because of the individual's sex assigned at birth, gender identity, or gender otherwise recorded is different from the one to which such health services are ordinarily or exclusively available. Eligible, covered services must be medically necessary and appropriate, and remain subject to any requirements outlined in applicable Medical and Behavioral Health Policies and/or federal law.

Women's Health and Cancer Rights Act

Under the federal Women's Health and Cancer Rights Act of 1998 and Minnesota law, you are entitled to the following services:

1. All stages of reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prostheses and physical complications at all stages of mastectomy, including lymphedema, in a manner determined in consultation with the attending physician and patient.

Coverage may be subject to annual deductible, copay, and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan or coverage.

Coverage of Telehealth Services

We cover eligible telehealth at the same benefit level that would apply if the services were provided in-person. For example, office visits are covered at the office visit benefit level, inpatient services are covered at the inpatient services benefit level and behavioral health services are covered at the corresponding behavioral health services benefit level. The plan covers telemonitoring services when:

1. the telemonitoring service is medically appropriate based on the member's medical condition or status
2. the member is cognitively and physically capable of operating the monitoring device or equipment, or the member has a caregiver who is willing and able to assist with the monitoring device or equipment; and
3. the member resides in a setting that is suitable for telemonitoring and not in a setting that has health care staff on site.

Unrestricted Access for Rare Disease

If you or your dependent believe you have a rare disease, call Customer Service at the telephone number on the back of your ID card. We will connect you with our care management team.

You are covered at the higher in-network level of benefits for care received in or outside the provider network for licensed health care provider services related to the diagnosis, monitoring, and treatment of a rare disease. You may be responsible for additional expenses when services are received outside of Minnesota. This benefit does not apply to drugs received from a retail pharmacy.

If you are later definitively diagnosed with a disease or condition that is not a rare disease, you must notify Blue Cross. We will assist you in making the transition from an out-of-network to an in-network provider. When it is determined you do not have a rare disease, coverage will continue at in-network benefits for 60 days. After this 60-day period, services from an out-of-network provider will be covered at out-of-network benefits.

Biomarker Testing

We cover biomarker testing to diagnose, treat, manage, and monitor illness or disease when the test provides clinical utility. A test's clinical utility may be demonstrated by medical and scientific evidence as explained in Minnesota Statutes Section 62Q.473.

A biomarker is a characteristic that is objectively measured and evaluated as an indicator of normal biological processes, pathogenic processes, or pharmacologic responses to a specific therapeutic intervention, including but not limited to known gene-drug interactions for medications being considered for use or already being administered. Biomarkers include but are not limited to gene mutations, characteristics of genes, or protein expression. Biomarker testing is the analysis of an individual's tissue, blood, or other biospecimen for the presence of a biomarker. Biomarker testing includes but is not limited to single-analyst tests; multiplex panel tests; protein expression; and whole exome, whole genome, and whole transcriptome sequencing. Clinical utility is a test providing information that is used to formulate a treatment or monitoring strategy that informs a patient's outcome and impacts the clinical decision. The most appropriate test may include information that is actionable and some information that cannot be immediately used to formulate a clinical decision.

Benefit Descriptions

Please refer to the following pages for a more detailed description of benefits.

Ambulance

The Plan Covers	In-Network Providers	Out-of-Network Providers
Emergency medically necessary and appropriate air or ground ambulance transportation licensed to provide basic or advanced life support from the place of departure to the nearest medical facility equipped to treat the condition	You pay 20% coinsurance after in-network deductible	
Non-emergency medically necessary and appropriate air or ground ambulance transportation licensed to provide basic or advanced life support from the place of departure to the nearest medical facility equipped to treat the condition	You pay 20% coinsurance after in-network deductible	

Ambulance – Notes

- Ambulance service providing transportation by means of a specially designed and equipped vehicle used only for transporting the sick and injured:
 - from your home, the scene of an accident or medical emergency to a hospital or skilled nursing facility provider;
 - between hospitals; or
 - between a hospital and a skilled nursing facility provider

when such facility provider is the closest institution that can provide covered services appropriate for your condition. If there is no facility provider in the local area that can provide covered services appropriate for your condition, then ambulance service means transportation to the closest facility provider outside the local area that can provide the necessary service.
- Transportation and related emergency services provided by an ambulance service will be considered emergency ambulance service if the injury or condition is considered emergency care. Use of an ambulance as transportation to an emergency room for an injury or condition that is not considered emergency care will not be covered as emergency ambulance services. Please refer to "Terms You Should Know" for a definition of medical emergency.
- Benefits include non-emergency medically necessary and appropriate prearranged or scheduled ambulance service requested by an attending physician or nurse from the place of departure to the closest facility provider that can provide the necessary service.

Ambulance – Not Covered

- Ambulance transportation costs that exceed the allowable cost applicable to transport from the place of departure to the nearest medical facility capable of treating your condition (example: facility A is the closest medical facility capable of treating your condition, but you are transported to facility B. We will cover eligible medically necessary and appropriate ambulance transportation costs that would otherwise apply to transportation to facility A. If you are transported by ambulance to facility B, the cost of transportation services in excess of the eligible ambulance transportation costs that would otherwise apply to transportation to facility A are not covered under the plan, and you will be responsible for those costs).
- Ambulance transportation services that are not medically necessary for basic or advanced life support.
- Transportation services, including ambulance services that are mainly for your convenience.
- Transportation to a residence.
- Conventional air services, such as commercial airlines.

Behavioral Health Mental Health Care

Your mental health is just as important as your physical health. That is why your health plan provides professional, confidential mental health care that addresses your individual needs. You have access to a wide range of mental health and substance use disorder professional providers, so you can get the appropriate level of responsive, confidential care.

Under the federal Mental Health Parity and Addiction Equity Act as amended and its implementing regulations, and Minnesota Statutes 62Q.47, members have the right to parity with respect to mental health and substance use disorder benefits. If you have questions or concerns, call Customer Service at the telephone number on the back of your ID card, or you can also file a complaint with Blue Cross or the Minnesota Department of Commerce.

The Plan Covers	In-Network Providers	Out-of-Network Providers
Outpatient health care provider services including: - Office visit - Individual/group/family therapy (office/in-home mental health services) - Assessment and diagnostic services such as psychological /neuropsychological testing and evaluation - All other professional services	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Outpatient hospital/outpatient behavioral health treatment facility services including: - Assessment and diagnostic services - Individual/group/family therapy - Crisis evaluations - Observation beds	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Professional health care services including: - Clinic-based partial programs - Clinic-based day treatment - Clinic-based intensive outpatient programs (IOP)	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Facility health care services including: - Hospital based partial programs - Hospital based day treatment - Hospital based intensive outpatient programs (IOP)	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Inpatient health care professional services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
- Inpatient hospital/inpatient behavioral health treatment facility services including: - all eligible inpatient services - Inpatient residential behavioral health treatment facility services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Behavioral Health Mental Health Care – Notes

1. Court-ordered treatment for mental health care that is based on an evaluation and recommendation for such treatment or services by a licensed psychiatrist or a doctoral level licensed psychologist is deemed medically necessary and appropriate. Court-ordered treatment for mental health care that is not based on an evaluation and recommendation by a licensed psychiatrist or a doctoral level licensed psychologist will be evaluated to determine medical necessity and appropriateness. Court-ordered treatment will be covered if it is determined to be medically necessary and appropriate and otherwise covered under this plan.
2. Admissions that qualify as "emergency holds," as the term is defined in Minnesota statutes, are considered medically necessary and appropriate for the entire hold.
3. Outpatient family therapy is covered if rendered by a health care professional and the identified patient must be a covered member. The family therapy services must be for the treatment of a behavioral health diagnosis.
4. Coverage is provided on the same basis as other benefits for treatment of emotionally disabled dependent children in a licensed residential behavioral health treatment facility. An emotionally disabled child is defined as a person whose condition meets the following criteria:
 - a. "an organic disorder of the brain or a clinically significant disorder of thought, mood, perception, orientation, memory, or behavior that is detailed in a diagnostic codes list published by the state commissioner of human services; and
 - b. seriously limits a child's capacity to function in primary aspects of daily living such as personal relations, living arrangements, work, school, and recreation."
5. Coverage is provided for crisis evaluations delivered by mobile crisis units.
6. Coverage is provided for treatment for pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections (PANDAS) and for treatment for pediatric acute-onset neuropsychiatric syndrome (PANS). Treatments must be recommended by your health care provider and include, but are not limited to: antibiotics, drugs, and behavioral therapies to manage neuropsychiatric symptoms, plasma exchange, and immunoglobulin.
7. A mental health care service provided on a partial hospitalization basis will be deemed an outpatient care visit and is subject to any outpatient care cost-sharing amounts.
8. Benefits are provided for autism treatment, including intensive behavioral therapy programs for the treatment of autism spectrum disorders including, but not limited to: Early Intensive Behavioral Intervention (EIBI), Applied Behavior Analysis (ABA), Intensive Behavioral Intervention (IBI), and Lovaas Therapy.
9. For home health related services, please refer to "Home Health Care."
10. For laboratory and diagnostic imaging services billed by a health care professional, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care."
11. Coverage is provided for outpatient Certified Peer Specialist and Certified Family Specialist services (also known as peer support services).
12. Coverage is provided for medical nutrition therapy and nutritional counseling.

Behavioral Health Mental Health Care – Not Covered

1. Services for or related to a mental illness not listed in the most recent edition of the International Classification of Diseases (ICD) and Diagnostic and Statistical Manual for Mental Disorders (DSM).
2. Evaluations that are not performed for the purpose of diagnosing or treating mental health or substance use disorder conditions such as: custody evaluations, parenting assessments, educational classes for driving under the influence (DUI)/driving while intoxicated (DWI) offenses, competency evaluations, adoption home status, parental competency, and domestic violence programs.
3. Services or room and board for foster care, group homes, shelter care and lodging programs, halfway house services.
4. Services for skills training.
5. Services for or related to marriage/couples counseling.
6. Services for the primary purpose of relationship enhancement including, but not limited to: premarital education; or marriage/couples retreats, encounters, or seminars.

Behavioral Health Mental Health Care – Not Covered
7. Services for or related to therapeutic support of foster care (services designed to enable the foster family to provide a therapeutic family environment for support for the foster child's improved functioning). 8. Services for therapeutic day care and therapeutic camp services.

Behavioral Health Substance Use Care

Under the federal Mental Health Parity and Addiction Equity Act as amended and its implementing regulations, and Minnesota Statutes 62Q.47, members have the right to parity with respect to mental health and substance use disorder benefits. If you have questions or concerns, call Customer Service at the telephone number on the back of your ID card, or you can also file a complaint with Blue Cross or the Minnesota Department of Commerce.

The Plan Covers	In-Network Providers	Out-of-Network Providers
Outpatient health care provider services including: - Office visit - Individual/group/family therapy - Assessment and diagnostic services - Opioid treatment, including medication assisted treatment (MAT) - All other professional services	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Outpatient hospital/outpatient behavioral health treatment facility services including: - Intensive outpatient programs (IOP) and related aftercare services - Partial hospitalization	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Inpatient health care provider services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
- Inpatient hospital facility services - Residential behavioral health treatment facility services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Behavioral Health Substance Use Care – Notes

- Outpatient family therapy is covered if rendered by a health care provider and the identified patient must be a covered member. The family therapy services must be for the treatment of a behavioral health diagnosis.
- A substance use disorder service provided on a partial hospitalization basis will be deemed an outpatient care visit and is subject to any outpatient care cost-sharing amounts.
- Benefits are provided for admissions that qualify as "emergency hold," as the term is defined in Minnesota statutes, are considered medically necessary and appropriate for the entire hold.
- Coverage is provided for chemical dependency treatment provided to a member by the Department of Corrections while the member is committed to the custody of the commissioner of corrections following a conviction for a first-degree driving while impaired offense under Minnesota Statutes Section 169A.24 if:
 - a court of competent jurisdiction makes a preliminary determination based on a chemical use assessment conducted under Minnesota Statutes Section 169A.70 that treatment may be appropriate and includes this determination as part of the sentencing order; and
 - the Department of Corrections makes a determination based on a chemical assessment conducted while the individual is in the custody of the department that treatment is appropriate. Treatment provided by the Department of Corrections that meets the requirements of this section shall not be subject to a separate medical necessity determination.
- For laboratory and diagnostic imaging services billed by a health care provider, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care."

Behavioral Health Substance Use Care – Notes
6. For home health related services, please refer to "Home Health Care." 7. For medical stabilization during detoxification services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care." 8. Coverage is provided for outpatient Certified Peer Recovery and Certified Family Specialist services (also known as peer support services).

Behavioral Health Substance Use Care – Not Covered
1. Services for substance use disorder or addictions that are not listed in the most recent edition of the International Classification of Diseases (ICD) and Diagnostic and Statistical Manual for Mental Disorders (DSM). 2. Evaluations that are not performed for the purpose of diagnosing or treating substance use disorder or addictions including, but not limited to: custody evaluations, parenting assessments, educational classes for driving under the influence (DUI)/driving while intoxicated (DWI) offenses, competency evaluations, adoption home status, parental competency and domestic violence programs. 3. Services or room and board for foster care, group homes, shelter care, and lodging programs, halfway house services. 4. Services for skills training. 5. Substance use disorder interventions, defined as a meeting or meetings, with or without the affected person, of a group of people who are concerned with the current behavioral health of the affected person, with the intent of convincing the affected person to enter treatment for the condition.

Chiropractic Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
Spinal manipulations – including office visit	You pay nothing after the \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
Acupuncture services that are medically necessary and appropriate	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Other chiropractic services including therapies	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Chiropractic Care – Notes

- Benefits include coverage for spinal manipulations for the detection and correction by manual or mechanical means of structural imbalance or subluxation resulting from or related to distortion, misalignment, or subluxation of or in the vertebral column.
- For laboratory and diagnostic imaging services billed by a health care provider, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care."
- Eligible acupuncture services are limited to a maximum of 20 visits per person per calendar year for all providers combined.
- An office visit copay will be applied to the office visit, evaluation, or manipulation, not to exceed one copay per visit.

Chiropractic Care – Not Covered

- Services for outpatient therapy and rehabilitation services for which there is no expectation of restoring or improving a level of function or when no additional functional progress is expected to occur, unless medically necessary and appropriate.
- Maintenance services.
- Services for or related to rehabilitation services that are not expected to make measurable or sustainable improvement within a reasonable period of time, unless they are medically necessary and appropriate and part of specialized maintenance therapy to treat the member's condition.
- Custodial Care.

Dental Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
This is not a dental plan. The following limited dental-related coverage is provided: • Accident-related dental services from a physician or dentist for the treatment of an injury to sound natural teeth • Treatment of cleft lip and palate including: ■ dental implants ■ removal of impacted teeth or tooth extractions ■ related orthodontia ■ related oral surgery ■ bone grafts • Diagnostic evaluation, surgical, and nonsurgical treatment of temporomandibular disorder (TMD) and craniomandibular disorder (CMD)	You pay nothing after \$25 office visit copay; deductible does not apply for the office visit charge; you pay 20% coinsurance after deductible for all other eligible services.	You pay 50% coinsurance after deductible

Dental Care – Notes
1. Accident-related dental services, treatment and/or restoration of a sound natural tooth must be initiated within 12 months of the date of injury or within 12 months of your effective date of coverage under this plan. Coverage is limited to the initial treatment (or course of treatment) and/or initial restoration. Only services performed within 24 months from the date treatment or restoration is initiated are covered. Coverage includes, but is not limited to: a. initial exam and x-rays b. restorations (not replacements) c. root canal procedure d. crowns e. surgical procedures and extraction (removal) 2. Bone grafts (the building up of bone in the upper or lower jaw) for the purpose of reconstruction of the jaw and for treatment of cleft lip and palate is a covered service, but not for the sole purpose of supporting a dental implant, dentures or a dental prosthesis. 3. Sound natural teeth means teeth and tissue that are viable, functional and free of disease. A sound natural tooth: a. has no decay, b. has no filling on more than two surfaces, c. does not have bone loss of more than 50%, d. has not had a root canal procedure (removing the tissue inside the tooth root), e. has not been replaced by any artificial means (for example, implants, fixed or removable bridges, dentures, dental appliance, or crowns) 4. The plan covers anesthesia and inpatient and outpatient hospital charges when necessary to provide dental care to a covered person who is a child under age five; is severely disabled; or has a medical condition that requires hospitalization or general anesthesia for dental treatment. For hospital/facility services please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care." Dental services are not covered unless otherwise noted. 5. Services for surgical and nonsurgical treatment of temporomandibular joint disorder (TMD) and craniomandibular disorder must be covered on the same basis as any other body joint and administered or prescribed by a physician or dentist.

Dental Care – Not Covered

1. Services for or related to orthodontia, except for treatment of cleft lip and palate.
2. Services for or related to treatment of cracked or broken teeth due to biting or chewing.
3. Dentures, regardless of the cause or the condition, and any associated services, including bone grafts.
4. Dental implants, and associated services, except when related to services for cleft lip and palate.
5. Accident-related dental services initiated after 12 months from the date of injury or initiated after 12 months from the effective date of coverage; accident-related dental services occurring more than 24 months after the date of when treatment or restoration is initiated.
6. Services for or related to replacement of a damaged dental bridge from an accident-related injury.
7. Osteotomies (cutting of the bone), osteoplasty (building up the bone), and other procedures associated with the fitting of dentures or dental implants.
8. Services for or related to removal of impacted teeth, tooth extractions, and/or root canal procedure, including but not limited to imaging studies, preoperative examinations, and anesthesia.
9. Services for or related to dental or oral care, surgery, supplies, and bone grafts, except for limited dental services as noted in this benefit chart.
10. Services to treat bruxism (excessive grinding of teeth or clenching of the jaw), including dental splints.
11. Services for routine dental care.
12. Services for or related to non-covered dental services such as anesthesia and facility charges except as noted in this benefit chart.
13. Services for or related to gingival and periodontal (the gums and bone that surround and support the teeth) procedures.

Emergency Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
Outpatient health care provider services to treat an emergency medical condition as defined in Minnesota law	You pay 20% coinsurance after in-network deductible	
Outpatient hospital/facility services to treat an emergency medical condition as defined in Minnesota law	You pay 20% coinsurance after in-network deductible	

Emergency Care – Notes
1. As a member, you are covered at the higher, in-network level of benefits for emergency care received in or outside the provider network. This flexibility helps accommodate your needs when you need care immediately. 2. In emergency situations, where you must be treated immediately, go directly to your nearest hospital emergency provider; or call "911" or your area's emergency number. Coverage is not based only on your diagnosis, when determining if a situation is a medical emergency. We will consider presenting symptoms including, but not limited to, severe pain and a reasonable layperson's belief that the circumstances required immediate medical care that could not wait until the next business day. 3. If the care you receive is due to a medical emergency, prior authorization is not required. 4. Please refer to "Terms You Should Know" for a definition of medical emergency. 5. For inpatient services, please refer to "Hospital Inpatient Care" and "Office Visit and Professional Services." 6. For urgent care visits, please refer to "Hospital Outpatient Care" and "Office Visit and Professional Services." 7. For follow up care, please refer to "Hospital Outpatient Care" and "Office Visit and Professional Services."

Gender Affirming Care

Blue Cross is committed to supporting Transgender and Gender Diverse individuals in receiving medically necessary gender-affirming healthcare as outlined by the Standards of Care for the Health of Transgender and Gender Diverse People, from the World Professional Association for Transgender Health (WPATH).

The Plan Covers	In-Network Providers	Out-of-Network Providers
Outpatient health care provider services including: • Office visit • Counseling	You pay nothing after \$25 office visit copay; deductible does not apply for the office visit charge; you pay 20% coinsurance after deductible for all other eligible services.	You pay 50% coinsurance after deductible
Professional services for gender affirming procedures for the treatment of gender dysphoria	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Gender Affirming Care – Notes
- Gender affirming care includes but is not limited to breast/chest procedures, genital procedures, facial procedures, thyroid cartilage reduction, voice therapy, voice surgery, hair removal, puberty blockers, and hormone therapy. These services are covered when they are medically necessary and appropriate for the treatment of gender dysphoria. - Services include related preparation and follow-up care. - Gender-specific preventive services are covered for transgender and gender diverse individuals appropriate to their anatomy. For preventive care services, please refer to "Preventive Care." - For prescription drugs for gender affirming care, please refer to "Prescription Drugs." - For hospital/facility services, please refer to "Hospital Inpatient Care" and "Hospital Outpatient Care." - For laboratory and diagnostic imaging services billed by a health care provider, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care." - For drugs administered by a health care provider, please refer to "Hospital Outpatient Care" or "Office Visit and Professional Services." - For more information call Customer Service at the telephone number on the back of your ID card or visit bluecrossmn.com/gendercare.

Home Health Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
Skilled care and other home care services ordered by a physician and provided by employees of an approved home health care agency, including but not limited to: ● Intermittent skilled nursing care in your home by a: ■ licensed registered nurse ■ licensed practical nurse ● Physical therapy and occupational therapy by a licensed therapist and speech therapy by a certified speech and language pathologist ● Services provided by a medical technologist ● Services provided by a licensed registered dietitian ● Services provided by a respiratory therapist ● Services of a home health aide or master's level social worker employed by the home health agency when provided in conjunction with covered services ● Home health care following early maternity discharge	You pay 20% coinsurance after deductible	No coverage

Home Health Care – Notes
1. Home health care visit following early maternity discharge provided by a registered nurse including, but not limited to, parent education, assistance and training in breast and bottle feeding, and conducting any necessary and appropriate clinical tests. The home visit must be conducted within four days following the discharge of the birthing member/mother and her newborn child. 2. Benefits for home infusion therapy and related home health care are listed under "Infusion Therapy." 3. For supplies and durable medical equipment billed by a home health agency, please refer to "Medical Equipment and Supplies." 4. Intermittent Skilled Nursing Care consists of up to two consecutive hours per date of service in the member's home provided by a licensed registered nurse or licensed practical nurse who are employees of an approved home health care agency. 5. If you are also enrolled in the Minnesota Medical Assistance Program, you may be eligible for additional skilled nursing care. 6. Intermittent skilled nursing care consists of up to two consecutive hours of care per date of service in the member's home.

Home Health Care – Not Covered

1. Services you receive from an out-of-network provider.
2. Homemaker services.
3. Maintenance services.
4. Services for dialysis treatment you receive from a home health care agency.
5. Services for custodial care you receive from a home health care agency.
6. Services for food or home-delivered meals you receive from a home health care agency.
7. Services for or related to extended hours home care, except as noted above (please refer to "Extended Hours Skilled Nursing Care" in "Terms You Should Know").

Hospice Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
Hospice care for a terminal condition	You pay 20% coinsurance after deductible	No coverage

Hospice Care – Notes
- Benefits are limited to members with a terminal condition, which requires the member's primary physician to certify, in writing, a life expectancy for the member of six months or less. Hospice benefits begin on the date of admission to a hospice program. - Hospice program inpatient respite care is for the relief of the member's primary caregiver and is limited to a maximum of five consecutive days at a time. - Home respite care is for the relief of the patient's primary caregiver and is limited to a maximum of five consecutive days per admission to the hospice program. - Hospice program general inpatient care is for control of pain or other symptom management that cannot be managed in a less intense setting. - Benefits include family counseling related to the member's terminal condition. - Medical care services unrelated to the terminal condition under the hospice program are covered but are separate from the hospice benefit.

Hospice Care – Not Covered
- Services you receive from an out-of-network provider. - Services for respite care, except as described in "Hospice Care – Notes." - Room and board expenses in a residential hospice facility. - Services for dialysis treatment you receive from hospice or a hospital program for hospice care. - Services for custodial care you receive from hospice or a hospital program for hospice care. - Services for food or home-delivered meals you receive from hospice or a hospital program for hospice care.

Hospital Inpatient Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
- Hospital room and board, and general nursing services - Special care unit which is a designated unit which has concentrated all facilities, equipment, and supportive services for the provision of an intensive level of care for critically ill patients - Use of operating, delivery, and treatment rooms and equipment - Anesthesia, anesthesia supplies and services rendered in a facility provider by an employee of the facility provider. Administration of anesthesia ordered by the attending health care provider and rendered by a health care provider other than the surgeon or assistant at surgery - Medical and surgical dressings, supplies, casts, and splints - Prescription drugs provided to you while you are inpatient in a facility - Whole blood, administration of blood, blood processing, and blood derivatives - Diagnostic services - Communication services of a home care nurse or a personal care assistant for a transition period up to 120 hours per hospital admission for ventilator dependent persons - Therapy and rehabilitation services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Hospital Inpatient Care – Notes

- The plan covers inpatient services from a facility provider. Benefits will be covered only when, and so long as, they are determined to be medically necessary and appropriate for the treatment of the member's condition.
- Diagnostic services include the following when ordered by a health care provider:
 - diagnostic imaging consisting of radiology, magnetic resonance imaging (MRI), ultrasound and nuclear medicine;
 - diagnostic pathology consisting of laboratory and pathology tests;
 - diagnostic medical procedures consisting of electrocardiogram (ECG), electroencephalogram (EEG), and other electronic diagnostic medical procedures and physiological medical testing approved by Blue Cross;
 - allergy testing consisting of percutaneous, intracutaneous, and patch tests.

Hospital Inpatient Care – Notes

3. The plan covers anesthesia and inpatient hospital charges when necessary to provide dental care to a covered person who is a child under age five; is severely disabled; or has a medical condition that requires hospitalization or general anesthesia for dental treatment. Dental services are not covered unless otherwise noted.
4. If you live more than 50 miles from a pre-approved provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a pre-authorized gene therapy or cellular therapy treatment.
5. The plan covers rapid whole genome sequencing for members who are 21 years of age or younger when they:
 - a. have a complex or acute illness of unknown origin, and
 - b. are receiving inpatient hospital services in an intensive care unit, a neonatal, or high acuity pediatric care unit.Coverage is subject to medical necessity criteria consistent with Minnesota Statutes Section 62A.3098.

Hospital Inpatient Care – Not Covered

1. Services for inpatient admissions which are primarily for diagnostic studies.
2. Personal comfort items such as telephone, television.
3. Communication services provided on an outpatient basis or in the home.
4. Services for or related to extended hours skilled nursing care, also referred to as home care or private-duty nursing care,, except as noted in this benefit chart (please refer to "Extended Hours Skilled Nursing Care" in "Terms You Should Know").

Hospital Outpatient Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
- Outpatient hospital/facility services - Surgeon or assistant at surgery - Use of operating, delivery, and treatment rooms and equipment - Medical and surgical dressings, supplies casts and splints - Diabetes outpatient self-management training and education, including medical nutrition therapy - Prescription drugs provided to you while you are an outpatient in a facility - Whole blood, administration of blood, blood processing, and blood derivatives	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Urgent care center visits including: - Facility billed services - Facility laboratory services - Facility diagnostic imaging services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Rehabilitation and therapy: - Cardiac Rehabilitation - Chemotherapy - Dialysis treatment - Infusion therapy - Occupational therapy - Physical therapy - Radiation therapy - Respiratory therapy - Speech therapy	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Laboratory services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Diagnostic imaging services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Facility billed free-standing ambulatory surgery center services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Hospital Outpatient Care – Notes
1. The plan covers anesthesia and outpatient hospital charges when necessary to provide dental care to a covered person who is a child under age five; is severely disabled; or has a medical condition that requires hospitalization or general anesthesia for dental treatment. Dental services are not covered unless otherwise noted. 2. Pre-admission testing is covered for tests and studies required in connection with your admission rendered or accepted by a hospital on an outpatient basis prior to a scheduled admission to the hospital as an inpatient. 3. Coverage is provided for hospital services and supplies for outpatient surgery including removal of sutures, anesthesia, anesthesia supplies and services rendered by an employee of the facility provider, other than the surgeon or assistant at surgery. 4. Coverage is provided for anesthesia, anesthesia supplies and devices rendered in a facility provider by an employee of the facility provider. Administration of anesthesia ordered by the attending health care provider and rendered by a health care provider other than the surgeon or assistant at surgery. 5. If you live more than 50 miles from a pre-approved provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a pre-authorized gene therapy or cellular therapy treatment.
Hospital Outpatient Care – Not Covered
1. Services and prescription drugs for or related to assisted reproduction.

Infusion Therapy

The Plan Covers	In-Network Providers	Out-of-Network Providers
• Home infusion and suite infusion therapy services • Intravenous solutions and pharmaceutical additives, pharmacy compounding, and dispensing services • Medical/surgical supplies • Nursing services associated with infusion therapy	You pay 20% coinsurance after deductible	No coverage

Infusion Therapy – Notes

1. Benefits will be provided when performed by a home infusion and/or suite infusion therapy provider at an infusion suite or home setting.
2. Specific adjunct non-intravenous therapies are included when administered only in conjunction with infusion therapy.

Infusion Therapy – Not Covered

1. Services you receive from an out-of-network provider.
2. Home infusion services or supplies not specifically listed as covered services.
3. Nursing services to administer home infusion therapy when the patient or caregiver can be successfully trained to administer therapy.

Maternity Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
Prenatal hospital/facility services	You pay nothing	
Prenatal professional services	You pay nothing	
Health care provider services for: • Delivery in a hospital/facility • Examination of the newborn infant while the birthing member/mother is inpatient • Postpartum care ■ office visit • All other eligible professional services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Hospital/facility services for: • Delivery • Postpartum care	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Acupuncture services that are medically necessary and appropriate	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Maternity Care – Notes

- Services related to miscarriage, ectopic pregnancy, cesarean section, and abortion (including related pre-abortion and follow-up services) are covered as a delivery.
- Prenatal care is the comprehensive package of medical and psychosocial support provided throughout the pregnancy, includes risk assessment, gestational diabetes screening, serial surveillance, prenatal education, and use of specialized skills and technology, when needed, as defined by Standards for Obstetric-Gynecologic services issued by the American College of Obstetricians and Gynecologists.
- Postpartum care is the comprehensive postnatal visits to provide a full assessment of the birthing member/mother's and infant's physical, social, and psychological well-being. Covered services include but are not limited to care for mood and emotional well-being, infant care and feeding, sexuality, contraception, birth spacing, sleep and fatigue, physical recovery from birth, chronic disease management, and health maintenance.
- The plan covers services provided to the newborn child from the moment of birth, including routine nursery care and care for the treatment of congenital defects, birth abnormalities, and prematurity diagnosed by a health care provider. In order to avoid claim delays, we request that you submit payment of all required premiums and written application within 30 days after birth. Please refer to "Adding a Newborn or Adopted Child" for further eligibility information regarding when the newborn's coverage will begin if the newborn is added to the health plan.
- Under federal law, this health plan may not restrict benefits for any hospital length of stay in connection with childbirth as follows:
 - inpatient hospital coverage for the birthing member/mother if covered under this health plan, is provided for a minimum of 48 hours following a vaginal delivery and 96 hours following a cesarean section. If the length of stay is less than these minimums, one home health care visit within four days after discharge from the hospital is covered under this health plan. Please refer to "Home Health Care."
 - inpatient hospital coverage for newborn, if added to the health plan, is provided for a minimum of 48 hours following a vaginal delivery and 96 hours following a cesarean section. If the length of stay is less than these minimums, one home health care visit within four days after discharge from the hospital is covered under this health plan. Please refer to "Home Health Care."

Maternity Care – Notes

6. Under federal law, the health plan may require that a provider obtain authorization from the health plan for the portion of a stay after the 48 hours or 96 hours, as applicable, mentioned above.
7. If you live more than 100 miles from a provider eligible to perform abortion services, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to covered plan benefits for the procedure.
8. Eligible acupuncture services are limited to a maximum of 20 visits per person per calendar year from all providers combined.
9. For laboratory and diagnostic imaging services billed by a health care professional, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care."
10. You pay nothing for medical transfers (ambulance) from one medical facility to a different medical facility for a birthing member/mother, newborn, and newborn siblings when prescribed by a health care provider.

Maternity Care – Not Covered

1. Services for or related to childbirth deliveries in the home.
2. Adoption fees.
3. Services for or related to surrogate pregnancy including: diagnostic screening, physician services, assisted reproduction, and prenatal/delivery/postnatal services when the surrogate is not a covered member under this plan.
4. Childbirth classes.
5. Services for or related to donor ova or sperm.
6. Services for or related to preservation, storage, and thawing of human tissue including, but not limited to: sperm, ova, embryos, stem cells, cord blood, and any other human tissue.
7. Services for or related to elective cesarean (C)-section for non-medical indications.
8. Services for or related to the selection of gender in embryos.

Medical Equipment and Supplies

The Plan Covers	In-Network Providers	Out-of-Network Providers
• Durable medical equipment (DME) • Equipment and supplies for diabetes treatment • Prosthetics, such as breast prosthesis, artificial limbs, and artificial eyes • Corrective lenses for aphakia • Eyeglasses/lenses after cataract surgery (purchased within 24 months of cataract surgery) • Cochlear implants • Non-investigative bone conductive hearing devices • Hearing aids for a hearing loss that cannot be corrected by other covered procedures. Maximum of one hearing aid for each ear every three years • Custom foot orthoses • Amino acid-based elemental formula • Special dietary treatment for phenylketonuria (PKU) when recommended by a physician • Wigs (scalp hair prostheses) for hair loss due to a health condition. • Catheters (including intermittent) and related supplies	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Medical Equipment and Supplies – Notes

1. You are required to obtain prior authorization for specific durable medical equipment when you use nonparticipating providers in Minnesota and any provider outside of Minnesota. Please refer to bluecrossmn.com/priorauth or call Customer Service at the telephone number on the back of your ID card.
2. The plan covers the approved rental or purchase, fitting, necessary adjustments, repairs, and replacements of durable medical equipment and supplies, including, but not limited to:
 - a. prosthetic devices (custom fitted to the member's needs) which replace all or part of an absent body part and its adjoining tissues or replace all or part of the function of a permanently inoperative or malfunctioning body part (excluding dental appliances and the replacement of cataract lenses). Initial and subsequent prosthetic devices to replace the removed breast(s) or a portion thereof are also covered
 - b. a rigid or semi-rigid supportive orthotic device (custom fitted to the member's needs) which restricts or eliminates motion of a weak or diseased body part
 - c. supplies and accessories necessary for the effective functioning of covered durable medical equipment.
3. Rental costs cannot exceed the total cost of purchase.

Medical Equipment and Supplies – Notes

4. Amino acid-based elemental formula, a type of exempt formula which is regulated by the U.S. Food and Drug Administration (FDA) and is prescribed for those with specific medical or dietary problems. An amino acid-based formula contains proteins which are broken down into their simplest and purest form making it easier for the body to process and digest. You may be placed on an amino acid-based formula when unable to digest or tolerate whole proteins found in other formulas, due to certain allergies or gastrointestinal conditions. Examples of amino acid-based elemental formulas include Neocate, EleCare, Vivonex, Tolerex.
5. You will pay no more than \$50 per month for all eligible medical supplies to treat chronic diabetes, asthma, and allergies requiring the use of epinephrine auto-injectors. Select medical supplies may be eligible for coverage under the Prescription Drugs benefit only.
6. The plan covers wigs (scalp hair prostheses, including all equipment and accessories) when prescribed by a health care provider. Maximum of one wig per person per calendar year. Coverage is limited to a maximum benefit of \$1,000 per calendar year. When hair loss is due to alopecia areata, there is no dollar limit for a wig.

Medical Equipment and Supplies – Not Covered

1. Durable medical equipment, supplies, and prosthetics for convenience, personal, or recreational use. Prosthetics ordered by a prescribing licensed health care provider who has authority in Minnesota are exempt from this exclusion.
2. Services or supplies that are primarily and customarily used for a nonmedical purpose or used for environmental control or enhancement (whether or not prescribed by a physician), including, but not limited to: exercise equipment, air purifiers, air conditioners, dehumidifiers, heat/cold appliances, water purifiers, hot tubs, whirlpools, hypoallergenic mattresses, waterbeds, computers and related equipment, car seats, feeding chairs, pillows, food or weight scales, and incontinence pads or pants.
3. Modifications to home, vehicle, and/or workplace, including vehicle lifts and ramps.
4. Repair, maintenance, or replacement of rental equipment as this is included in the price of the rental.
5. Replacement of properly functioning durable medical equipment.
6. Duplicate equipment, prosthetics, or supplies.
7. Foot orthoses, except as noted in this benefit chart.
8. Blood pressure monitoring devices.
9. Communication devices, except when exclusively used for the communication of daily medical needs and without such communication the patient's medical condition would deteriorate.
10. Services for or related to hearing aids or devices, except as noted in this benefit chart.
11. Devices for maintenance services.
12. Services for or related to lenses, frames, contact lenses, other fabricated optical devices, and professional services for fitting, except as noted in this benefit chart.
13. Biofeedback devices in the home.

Office Visit and Professional Services

The Plan Covers	In-Network Providers	Out-of-Network Providers
Primary care office visits	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
Specialty care office visits	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
- E-visits - Telephone consultations	You pay nothing for the first five e-visits per member; thereafter, you pay nothing after \$20 e-visit/telephone consultation copay; deductible does not apply. The e-visit benefit is combined for all in-network providers	You pay 50% coinsurance after deductible
Urgent care center visits for illness/injury		
Professional office visit for urgent care	You pay nothing after \$25 urgent care office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
Professional laboratory services for urgent care	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Professional diagnostic imaging services for urgent care	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
All other professional services for urgent care	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Retail health clinic		
Office visit	You pay nothing after \$25 retail health clinic copay; deductible does not apply	You pay 50% coinsurance after deductible
Laboratory services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
All other professional services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Professional office and outpatient laboratory services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Professional office and outpatient diagnostic imaging services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Allergy extract and allergy injections including:		
Allergy testing	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Allergy serum	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Allergy injections	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

The Plan Covers	In-Network Providers	Out-of-Network Providers
Medication Therapy Management (MTM)	You pay 20% coinsurance after deductible	No coverage
OMADA program for members age 18 and older for: • Omada for prevention • Diabetes management • Hypertension management	You pay nothing	No coverage
Acupuncture services that are medically necessary and appropriate	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
Professional services received at a free-standing ambulatory surgery center	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
• Diabetes outpatient self-management training and education, including medical nutrition therapy • Inpatient hospital/facility visits during a covered admission • Outpatient hospital/facility visits • Anesthesia • Drugs administered by a health care provider	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible
All other professional services	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Office Visit and Professional Services – Notes

- Diabetes Self-Management Education and Support (DSMES) Services: When your health care provider certifies that you require diabetes education and support either individually or in a group setting, coverage is provided for the following situations when rendered through DSMES services:
 - when diabetes is diagnosed
 - when a new drug is prescribed
 - when diagnosed with eye disease, foot problems, or kidney disease related to diabetes
 - treatment for diabetic related complications such as uncontrolled blood sugar levels
 - emergency room visit or hospital stay to treat your diabetes.
- The plan covers eligible services for the treatment of diagnosed Lyme disease.
- The following services are covered at the in-network level if received from out-of-network providers:
 - voluntary planning of the conception and bearing of children;
 - diagnosis of infertility;
 - testing and treatment of a sexually transmitted disease;
 - testing of AIDS or other HIV-related conditions.
- The plan covers off-label prescription drugs used for cancer treatment as specified by law. Prescription drugs will not be excluded on the grounds that the drug has not been approved by the Federal Food and Drug Administration for the treatment of cancer if the drug is recognized in one of the standard compendia or in one article in the medical literature as specified by law.
- The plan covers eligible drugs, including specialty drugs, administered by a health care provider required in the diagnosis, prevention, and treatment of an injury or illness, provided that the drugs are not “usually self-administered” by a member and when the administration of the drug and the drugs are billed by the health care

Office Visit and Professional Services – Notes

- provider. For specialty drugs that are administered in a clinic or an outpatient hospital, your health care provider may be required to obtain the drugs from a designated provider.
6. For a member participating in an approved clinical trial, the plan only covers services that would be covered if not enrolled in an approved clinical trial.
 7. The plan covers hearing aid examinations, fitting, and adjustments when hearing aids are covered by the plan.
 8. E-visit is a patient-initiated, limited, written online evaluation and management service provided by a health care provider to communicate with an established patient. E-visits are not real-time interactions with a health care provider. For more information about virtual care options, go to bluecrossmn.com/virtualcare or call Customer Service at the telephone number on the back of your ID card.
 9. A retail health clinic is located in a retail establishment and provides medical services for a limited list of eligible symptoms. The list of medical services and/or treatable symptoms is available at the retail health clinic.
 10. If you are prescribed a drug subject to step therapy, you must try another drug that may be more safe, clinically effective, and in some cases more cost effective before the drug subject to step therapy will be approved. If you or your prescribing health care provider believes that you need coverage for a drug that is subject to step therapy an exception may be requested. The step therapy exception request form and a description of the step therapy exception process is available at bluecrossmn.com or by calling Customer Service at the telephone number on the back of your ID card. If the step therapy exception request meets one of the legally required conditions, we will grant the request, override the step therapy requirement, and cover the drug if it is covered under your plan.
 11. For drugs billed by a pharmacy and self-administered prescription drugs, please refer to “Prescription Drugs.”
 12. Omada Health helps people stay healthy and avoid or control diabetes and heart disease. You will have access to online programs for losing weight and for lowering your blood sugar and blood pressure. For more information about Omada Health options, go to bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card. The Omada Program is from Omada Health, Inc., an independent virtual healthcare provider.
 13. If you live more than 50 miles from a pre-approved provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a pre-authorized gene therapy or cellular therapy treatment.
 14. Coverage is provided for the administration of anesthesia ordered by the attending health care provider and rendered by a health care provider other than the surgeon or assistant at surgery.

Office Visit and Professional Services – Not Covered

1. Separate charges for preoperative and postoperative care for surgery.
2. Services and prescription drugs for or related to assisted reproduction.
3. Services for or related to reversal of sterilization.
4. Services for or related to vision correction surgery such as the correction of myopia, hyperopia or presbyopia, including but not limited to corneal microsurgery, such as keratomileusis, keratophakia, radial keratotomy, Laser-Assisted in Situ Keratomileusis (LASIK) and all related services.
5. Services for or related to weight reduction programs, including all diagnostic testing related to weight reduction programs.
6. Medication Therapy Management (MTM) services you receive from an out-of-network provider.

Physical, Occupational, and Speech Therapy

The Plan Covers	In-Network Providers	Out-of-Network Providers
Habilitative and rehabilitative office visits from a physical therapist, occupational therapist, speech or language pathologist	You pay nothing after \$25 office visit copay; deductible does not apply	You pay 50% coinsurance after deductible
Habilitative and rehabilitative therapies from a physical therapist, occupational therapist, speech or language pathologist	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Physical, Occupational, and Speech Therapy – Notes

1. Benefits include coverage for spinal manipulations for the detection and correction by manual or mechanical means of structural imbalance or subluxation resulting from or related to distortion, misalignment, or subluxation of or in the vertebral column.
2. Office visits include an evaluation or re-evaluation for the following therapies:
 - a. physical
 - b. occupational
 - c. speech
 - d. swallowing
3. For physical, occupational and speech therapy services billed by a hospital/facility, please refer to "Hospital Inpatient Care" and "Hospital Outpatient Care."
4. For laboratory and diagnostic imaging services billed by a health care provider, please refer to "Office Visit and Professional Services." For laboratory and diagnostic imaging services billed by a hospital/facility, please refer to "Hospital Inpatient Care" or "Hospital Outpatient Care."
5. An office visit copay will be applied to the office visit or evaluation.

Physical, Occupational, and Speech Therapy – Not Covered

1. Services for outpatient therapy and rehabilitation services for which there is no expectation of restoring or improving a level of function or when no additional functional progress is expected to occur, unless medically necessary and appropriate.

Prescription Drugs

The Plan Covers	In-Network Providers	Out-of-Network Providers
Prescription drugs - Prescribed drug therapy supplies including, but not limited to: blood/urine testing tabs/strips, needles and syringes, lancets - Prescription drugs that are self-administered and do not require the services of a health care provider, except for designated specialty drugs (see "Notes" below) - Affordable Care Act (ACA) preventive covered prescription drugs - FDA-approved tobacco cessation drugs and products, subject to limitations below - Designated specialty drugs purchased through a participating specialty pharmacy network supplier - Retail pharmacy vaccine program - certain eligible vaccines administered at a retail pharmacy (see "Notes" below)	Please refer to "Prescription Drug Benefits" in "Benefit Overview"	Please refer to "Prescription Drug Benefits" in "Benefit Overview"

Prescription Drugs – Notes
- You will pay no more than \$25 for a one-month supply for each prescription for eligible drugs to treat chronic diabetes, asthma, and allergies requiring the use of epinephrine auto-injectors. - You will pay no more than \$50 per month for all eligible medical supplies to treat chronic diabetes, asthma, and allergies requiring the use of epinephrine auto-injectors. Select medical supplies may be eligible for coverage under the Medical Equipment and Supplies benefit only. - The covered drug list is available by logging in at bluecrossmn.com or by calling Customer Service at the telephone number on the back of your ID card. - Covered prescription drugs include drugs listed in your health plan's covered drug list; including compounded drugs, consisting of the mixture of at least two or more FDA-approved prescription drugs. (Please refer to "Terms You Should Know") - The Blue Cross covered drug list is a list of Food & Drug Administration (FDA) approved prescription drugs selected for their quality, safety, and effectiveness. It includes products in every major therapeutic category. The list was developed by the Blue Cross Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians and may, from time to time, be revised by the committee. This list can change throughout the year. You will not be affected by a higher cost prescription drug tier change or removal of a drug from the covered drug list during a plan year if you were already prescribed that drug during the same plan year. The above does not apply if the formulary change is for any of the following reasons: - The drug is deemed unsafe by the FDA, - The drug has been withdrawn by the FDA or manufacturer, - Independent source of research, clinical guidelines or evidence-based standards issue warnings or recommend changes with respect to a drugs' use for reasons related to previously unknown or imminent patient harm. A brand-name drug can be removed from the covered drug list or moved to a higher cost prescription drug tier when the following occurs:

Prescription Drugs – Notes

- a. A therapeutically equivalent (FDA Orange Book) generic or multi-source brand-name drug, interchangeable biologic (FDA Purple Book), or biosimilar is added to the covered drug list at the same or lower cost prescription drug tier,
 - b. Provide at least 60 days' notice to prescribers, pharmacists, and affected enrollees.
6. Blue Cross chooses which drugs are on its drug lists, or excluded from its drug lists, based on numerous factors including their quality, safety and effectiveness, and overall cost. The overall cost of a drug can be impacted by volume discounts or reimbursements paid by drug manufacturers. At times, this may result in a brand name drug being included on a drug list while the generic of the same drug is excluded from a drug list.
7. The drug list is subject to periodic review and modification by Blue Cross or a designated committee of physicians and pharmacists.
8. Covered prescription drugs include:
 - a. if the prescribing health care provider believes that you need coverage for a clinically appropriate drug that is not covered by this plan, there is a process to request an exception. Please refer to "Claims Process;
 - b. those which, under federal law, are required to bear the legend: "Caution: federal law prohibits dispensing without a prescription;"
 - c. legend prescription drugs under applicable state law and dispensed by a licensed pharmacist; and
 - d. certain prescription drugs that may require prior authorization from Blue Cross.
9. Your designated covered drug list also includes selected specialty prescription drugs within, but not limited to, the following prescription drug classifications only when such prescription drugs are covered drugs and are dispensed through exclusive specialty pharmacy network supplier. Specialty prescription drugs are designated complex injectable and oral drugs generally covered up to a 31-day supply that have very specific manufacturing, storage, and dilution requirements that are subject to restricted distribution by the U.S. Food and Drug Administration (FDA); or require special handling, provider coordination, or patient education that cannot be provided by a retail pharmacy. A current list of eligible designated specialty prescription drugs and suppliers is available by logging in at bluecrossmn.com or by calling Customer Service at the telephone number on the back of your ID card. Specialty prescription drugs are not available through 90dayRx. Specialty prescription drugs may be ordered by a health care provider on your behalf, or you may submit the prescription order directly to the specialty pharmacy network supplier.
10. Some drugs may be subject to a quantity limitation per day supply or to a maximum dosage per day.
11. A retail pharmacy is a licensed pharmacy that you can physically enter to obtain a prescription drug. Eligible prescription drugs and diabetic supplies are generally covered up to a 31-day supply.
12. 90dayRx includes the following: A retail pharmacy participating in the 90dayRx network and a participating home delivery pharmacy. Eligible prescription drugs may be dispensed up to a 90-day authorized supply of ongoing, long-term prescription drugs. Some prescription drugs may not be eligible for the 90dayRx benefit. To find out which prescription drugs are not eligible, visit bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card.
13. The plan covers a range of FDA-approved preventive contraceptive methods for women with reproductive capacity. Benefits are provided for up to a 12-month supply for covered contraceptives, other than over-the-counter and emergency contraceptives, when prescribed by your provider for the prevention of pregnancy. Medical management may apply. Please also refer to "Preventive Care."
14. Benefits are provided for designated ACA preventive drugs with a prescription which meet the recommendations and criteria established by the United States Preventive Services Task Force (USPSTF), Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control, and the Health Resources and Services Administration (HRSA), as applicable. Medical management may apply.
15. For more information regarding contraceptive or ACA preventive prescription drug coverage, log in at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card.
16. Blue Cross applies medical management in determining which contraceptives are included on your covered drug list, as well as a subset of contraceptives that are covered at zero cost-sharing. If your prescribing health care provider determines that none of the contraceptives covered at zero cost-sharing are clinically appropriate for you, they may request an exception. If the exception request is approved, the contraceptives are eligible for zero cost-sharing. To view a current list of contraceptives that are covered at zero cost-sharing under your plan visit bluecrossmn.com/preventivecare or call Customer Service at the telephone number on the back of your ID card.

Prescription Drugs – Notes

17. If you are prescribed a drug subject to step therapy, another eligible drug that is safe, more clinically effective, and in some cases more cost effective must have been prescribed and tried before the drug subject to step therapy will be paid under the prescription drug benefit. Step therapy prescription drug categories are available at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card. At your written request, we will provide you the criteria that we use to determine the medical necessity and appropriateness of a prescription drug that is subject to step therapy. If you or your prescribing health care provider believes that you need coverage for a prescription drug that is subject to the step therapy provision, an exception from step therapy may be requested. The step therapy exception request form and a description of the step therapy exception process is available at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card. If the step therapy exception request meets one of the legally required conditions, we will grant the request, override the step therapy requirement, and cover the prescription drug if it is a covered prescription drug under your plan."
18. If the prescribing health care provider believes that you need coverage for a prescription drug that is not on your covered drug list, there is a process to request an exception. The health care provider must submit a written exception request to us. This request must indicate that the covered prescription drug(s) causes an adverse reaction or is contraindicated for the member or demonstrate that the noncovered prescription drug must be "DAW" to provide maximum benefit to the member.
19. Biosimilar drugs are not considered generic drugs. Please refer to your covered drug list
20. If you are prescribed a prescription drug when there is an equivalent lower cost prescription drug or biosimilar, you will also pay the difference in cost between the prescribed prescription drug and the lower cost prescription drug or biosimilar, in addition to the applicable member cost-sharing. When you have reached your out-of-pocket limit, you still pay the difference in cost between the higher cost prescribed prescription drug and the equivalent lower cost prescription drug or biosimilar, even though you are no longer responsible for the applicable prescription drug member cost-sharing. Your payment is the price difference between the higher cost prescription drug and lower cost prescription drug or biosimilar in addition to the cost-sharing amounts that apply. Certain prescription drugs are not covered when an equivalent lower cost prescription drug or biosimilar is available. You are also responsible for the payment differential when a lower cost prescription drug or biosimilar is authorized by the physician and you purchase an equivalent higher cost prescription drug. This includes prescription drugs that have been approved for coverage, such as through the exception or prior authorization process. The covered drug list is available by logging in at bluecrossmn.com or by calling Customer Service at the telephone number on the back of your ID card.
21. The health plan will cover off-label prescription drugs used for cancer treatment as specified by law. Prescription drugs will not be excluded on the grounds that the drug has not been approved by the federal Food and Drug Administration for the treatment of cancer if the drug is recognized for treatment of cancer in one of the standard compendia or in one article in the medical literature as specified by law.
22. Oral chemotherapy drugs are covered according to the benefits listed in the "Prescription Drug Benefits" in "Benefit Overview" and they are only listed on non-specialty drug tiers, even when they are purchased from a specialty pharmacy.
23. Antipsychotic prescription drugs not included on your covered drug list prescribed to treat mental illness will be covered at the same level as your covered prescription drugs if the prescribing health care provider indicates that the prescription must be "Dispense as Written" (DAW) and certifies in writing to us that they have determined that the prescription drug prescribed will best treat your condition:

Note: If you are taking a prescription drug to treat mental illness that has effectively treated your condition, the prescription drug will be covered up to one year when the prescription drug is removed from your covered drug list, and if:

 - a. you have been treated with the prescription drug for 90 days prior to a change in your covered drug list or a change in your health plan;
 - b. the prescribing health care provider indicates that the prescription must be DAW; and
 - c. the prescribing health care provider certifies in writing to us that the prescription drug prescribed will best treat your condition.

The continuing care benefit will be extended annually if the prescribing health care provider indicates that the prescription must be DAW and certifies in writing to us that the prescription drug prescribed will best treat your condition.
24. Benefits are provided for the following drugs when prescribed and dispensed by a licensed pharmacist, in

Prescription Drugs – Notes

accordance with state law, in the same way coverage would apply had the drugs been prescribed by a health care provider: self-administered hormonal contraceptives, nicotine replacement medications, and opiate antagonists for the treatment of an acute opiate overdose.

25. There may be circumstances where early or extended prescription drug refills are available. Call Customer Service at the telephone number on the back of your ID card for further information. Restrictions apply.
26. We may receive pharmaceutical manufacturer volume discounts or reimbursements in connection with the purchase of certain prescription drugs covered under the health plan. Such discounts are the sole property of Blue Cross and/or the group contractholder and will not be considered in calculating any coinsurance, copay, deductible, or benefit maximums, except as required by law.
27. The plan will cover a range of prescription tobacco cessation drugs and products and over-the-counter tobacco cessation drugs and products with a prescription. Medical management (such as quantity limitations, coverage only for specific drugs or product(s) within a given type of tobacco cessation medication, etc.) may apply
28. Digital therapeutics (the use of personal health devices and sensors, either alone or in combination with conventional drug therapies, for disease prevention and management) when dispensed through a pharmacy and deemed eligible for coverage.
29. For prescription drugs dispensed and used during a covered hospital stay, please refer to "Hospital Inpatient Care."
30. Amino acid-based elemental formula is considered a supply item. Please refer to "Medical Equipment and Supplies."
31. For supplies or durable medical equipment, except as provided in this "Benefit Chart," please refer to "Medical Equipment and Supplies."

Prescription Drugs – Not Covered

1. Any prescription for more than the retail days' supply or 90dayRx days' supply.
2. Charges for home delivery drugs that are not purchased through an in-network home delivery pharmacy.
3. Prescription drugs and drug therapy supplies which are not listed on your covered drug list, except for designated ACA preventive drugs; off-label prescription drugs used for cancer treatment; or prescription drugs approved through the exception process, as noted in this benefit chart.
4. Specialty drugs not purchased through a specialty pharmacy network supplier.
5. Drugs removed from the covered drug list due to safety reasons may not be covered.
6. Tobacco cessation drugs and products without a prescription.
7. Medical devices approved by the FDA under the prescription drug benefit unless the devices are on your covered drug list. Covered medical devices are generally submitted and reimbursed under your medical benefits. Please refer to "Medical Equipment and Supplies."
8. Services and prescription drugs for or related to assisted reproduction.
9. Prescription drugs for the treatment of sexual dysfunction including, but not limited to erectile dysfunction.
10. Cosmetic alteration drugs.
11. Weight loss drugs.
12. Services you receive from an out-of-network pharmacy, except as provided in "Benefit Overview."
13. Prescription drugs that have a similar over-the-counter alternative.

Preventive Care

Preventive care services to prevent illness, disease or other health problems before symptoms occur are covered according to a predefined schedule based on certain risk factors. These include, but are not limited to, recommendations of the United States Preventive Services Task Force (USPSTF), the Advisory Committee on Immunizations Practices (ACIP) of the Centers for Disease Control, the Health Resources and Services Administration (HRSA), American Academy of Pediatrics (AAP) and Minnesota mandates. The frequency and eligibility of services is subject to change. For more information about preventive care services, go to bluecrossmn.com/preventivecare or call Customer Service at the telephone number on the back of your ID card.

The Plan Covers	In-Network Providers	Out-of-Network Providers
- Preventive physical examinations - Immunizations - Laboratory services for screening purposes - Imaging services for screening purposes - Hearing screening - Routine vision screening - Colorectal cancer screening - Screening gynecological examinations - Papanicolaou test (Pap smear) - Mammograms 2-dimensional (2-D) or 3-dimensional (3-D) for annual screening, including members with a previous history of breast cancer - Prostate specific antigen (PSA) tests and digital rectal examinations - Surveillance tests for ovarian cancer (CA125 tumor marker, trans-vaginal ultrasound, pelvic examination)	You pay nothing	You pay 50% coinsurance after deductible
Birth through age 5: - Preventive physical examinations - Developmental assessments - Routine vision screening - Laboratory services for screening purposes - Imaging services for screening purposes Birth through age 17: - Immunizations	You pay nothing	

Preventive Care – Notes

1. Preventive examinations include a complete medical history, complete physical examination, as well as screening and counseling for obesity, depression, and tobacco cessation.
2. The plan covers the following screening services consistent with approved medical standards and practices for the detection of colon cancer when ordered by a physician:
 - a. laboratory and pathology stool-based screening services
 - b. imaging screening services such as barium enema or CT colonography
 - c. surgical screening services such as flexible sigmoidoscopy, colonoscopy, and related services (for example, sedation and pathology).

If you are determined to be at high or increased risk, benefits are provided for a colonoscopy or any other combination of covered services related to colorectal cancer screening when prescribed by a physician. Colorectal cancer screening services which are prescribed by a physician for a symptomatic member are not considered preventive care services. The payment for these services will be consistent with similar medically necessary and appropriate covered services.
3. The plan covers:
 - a. an initial physical examination to confirm pregnancy,
 - b. folic acid supplement for members planning to become pregnant,
 - c. counseling for contraceptive methods,
 - d. counseling and support for breastfeeding
 - e. the purchase of:
 - an electric breast pump, limited to one per pregnancy
 - manual breast pump
 - breast pump supplies
 - f. rental charges for a hospital-grade breast pump
4. The plan covers screening for sexually transmitted diseases and HIV at the in-network benefit.
5. The plan covers a range of FDA-approved preventive contraceptive methods for women with reproductive capacity. Benefits are provided for up to a 12-month supply for covered contraceptives, other than over-the-counter and emergency contraceptives, when prescribed by your provider for the prevention of pregnancy. Medical management may apply. Please also refer to "Prescription Drugs."
6. Please refer to "Hospital Inpatient Care, "Hospital Outpatient Care, "Office Visit and Professional Services," etc. when services are for:
 - a. complications or an illness/injury diagnosed as a result of preventive care services
 - b. preventive care services in excess of state and federal preventive recommendations and criteria.
7. The plan covers follow up diagnostic services or testing that your health care provider determines you require following your preventive mammogram.

Reconstructive Surgery

The Plan Covers	In-Network Providers	Out-of-Network Providers
- Reconstructive surgery which is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved body part - Reconstructive surgery performed on a dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending health care provider - Treatment of cleft lip and palate, including dental implants - Elimination or maximum feasible treatment of port wine stains	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Reconstructive Surgery – Notes

1. Congenital means present at birth.
2. For hospital/facility services, please refer to "Hospital Inpatient Care" and "Hospital Outpatient Care."

Reconstructive Surgery – Not Covered

1. Dentures, regardless of the cause or condition, and any associated services including bone grafts.
2. Dental implants, and associated services, except when related to services for cleft lip and palate.

Skilled Nursing Facility Care

The Plan Covers	In-Network Providers	Out-of-Network Providers
• Skilled care ordered by a physician • Room and board • General nursing care • Prescription drugs used during a covered admission • Physical, occupational, and speech therapy	You pay 20% coinsurance after deductible	You pay 50% coinsurance after deductible

Skilled Nursing Facility Care – Notes

1. Coverage is limited to a maximum benefit of 120 days per person per calendar year for all networks combined.
2. Skilled care ordered by a physician includes skilled care ordered by an advanced practice nurse or physician assistant when ordered within the scope of their licensure.

Skilled Nursing Facility Care – Not Covered

1. Custodial Care.
2. Services after you have reached the maximum level of recovery possible for your particular condition and no longer require definitive treatment other than routine supportive care.
3. Services when confinement is intended solely to assist you with the activities of daily living or to provide an institutional environment for your convenience.

Transplant

The Plan Covers	Blue Distinction™ Centers for Transplants (BDCT) Providers	Non-Blue Distinction Centers for Transplants (BDCT) Providers
• Bone marrow/stem cell • Heart • Heart-lung • Liver • Liver-kidney • Lung	You pay 20% coinsurance after deductible for the transplant admission when you use a Blue Distinction Centers for Transplant (BDCT) provider	You pay 50% coinsurance after deductible

Transplant – Notes
1. Prior authorization must be obtained before a transplant procedure. 2. BDCT facilities have a contract with the Blue Cross and Blue Shield Association (an association of independent Blue Cross and Blue Shield plans) to provide transplant procedures. These facilities have been selected to participate in this nationwide network based on their ability to meet defined clinical criteria that are unique for each type of transplant. Facilities are reevaluated regularly to ensure that they continue to meet the established criteria for participation in this network. 3. If you live more than 50 miles from a BDCT provider, there is a benefit available for travel expenses (consistent with IRS guidelines) directly related to a preauthorized transplant. 4. Participating transplant facilities have a contract with Blue Cross and Blue Shield of Minnesota or with their local Blue Cross and/or Blue Shield plan to provide transplant procedures. 5. The donor's medical expenses directly related to the organ donation are covered under the recipient's plan. Treatment of any medical complications that occur to the donor are not covered under the recipient's plan. 6. Eligible transplants not performed in conjunction with a major transplant noted above are covered on the same basis as any other illness. Please refer to "Hospital Inpatient Care," "Hospital Outpatient Care," "Office Visit and Professional Services."

Transplant – Not Covered
1. Benefits for travel expenses when you are using a non-BDCT provider. 2. Travel expenses for an organ donor. 3. Services for or related to nonhuman or mechanical devices that serve as a human organ are not covered. An exception is services for the use of an FDA-approved Total Artificial Heart (TAH) to serve as a temporary bridge to a heart transplant.

General Exclusions

Except as specifically provided in this health plan or as Blue Cross is mandated or required to provide based on state or federal law, no benefits will be provided for services, supplies, prescription drugs or charges noted under "Not Covered" in the Benefit Charts and as noted below. If you have questions concerning any of the general exclusions, call customer service at the telephone number on the back of your ID card.

No benefits will be provided for the following:

1. Services which are not medically necessary based on the definition of "medically necessary and appropriate" in "Terms You Should Know."
2. Services which are experimental/investigative in nature.
3. Services that are prohibited by law or regulation.
4. Services rendered prior to your effective date of coverage.
5. Services incurred after the date of termination of your coverage.
6. Services for dependents if you have group member-only coverage.
7. Services that are provided without charge, including services of the clergy.
8. Services rendered by a provider who is a member of your immediate family.
9. Services that are not within the scope of licensure or certification of a provider.
10. Services from providers who are not health care providers.
11. To the extent benefits are provided to members of the armed forces while on active duty or to members in Veteran's Administration facilities for service-connected illness or injury unless you have a legal obligation to pay.
12. Fees, dues, exercise therapy, or any non-prescription substance utilized for the sole purpose of weight management.
13. Enteral feedings, except as provided in the "Medical Equipment and Supplies" benefit chart.
14. Solid or liquid food, any standard or specialized formula (including infant formula with intact proteins), banked breast milk, nutritional supplements and electrolyte solution, except as provided in the "Medical Equipment and Supplies" benefit chart.
15. Services for administering drugs that can be self-administered.
16. Services for or related to self-administered drugs, except prescription drugs and products as stated in the "Prescription Drugs" section.
17. Services for or related to tobacco cessation, except tobacco cessation drugs and products as stated in the "Prescription Drugs" section.
18. Services for or related to gene therapy or cellular therapy until they have been evaluated by Blue Cross and deemed eligible for coverage.
19. Drugs that are not approved by the Federal Drug Administration (FDA).
20. New to market FDA-approved drugs, devices, diagnostics, therapies, and medical treatments until they have been reviewed and approved by Blue Cross and deemed eligible for coverage.
21. Bulk powders, chemicals, ingredients and products used in prescription drug compounding.
22. Intact protein/protein isolates, including but not limited to, semisynthetic, natural, plant-based, or hydrolyzed, when taken orally (for example, protein powders).
23. Services for or related to chelation therapy that are not medically necessary and appropriate.
24. Vitamins, dietary supplements, and over-the-counter (OTC) drugs, unless listed on the covered drug list and prescribed by a health care provider. This exclusion does not include over-the-counter contraceptives for women as allowed under the Affordable Care Act when the member obtains a prescription for the item.
25. Services, testing, equipment, devices, technologies and supplies purchased or available over-the-counter, whether or not prescribed by a health care provider, unless listed on the covered drug list or covered under preventive care.

26. Services that do not involve direct patient contact such as delivery services and recordkeeping billed by an out-of-network provider.
27. Any portion of a charge for a covered service or supply that exceeds the allowed amount.
28. Charges billed by an out-of-network provider for the completion of a claim form.
29. Services for furnishing medical records or reports and associated delivery services.
30. Charges for the covered patient's failure to keep a scheduled visit.
31. Services that are submitted by another professional provider of the same specialty for the same services performed on the same date for the same member.
32. Travel, transportation, or living expenses, whether or not recommended by a physician, except for travel expenses and ambulance transportation listed as covered in the benefit charts and "Benefit Overview."
33. Services for educational classes, educational programs, and services primarily educational in nature, except for services such as medical nutrition therapy and nutritional counseling, parent education following early maternity discharge, prenatal education, diabetes outpatient self-management training and education, specialty drug patient education that cannot be provided by a retail pharmacy, and preventive patient education/counseling, or as otherwise required by law.
34. Services for or related to care that is custodial or not normally provided as preventive care or for treatment of an illness/injury.
35. Maintenance services unless a part of a specialized therapy for the member's condition.
36. Nonprescription supplies such as alcohol, cotton balls, and alcohol swabs.
37. Services provided during a telehealth visit for the sole purpose of: scheduling appointments; filling or renewing existing prescription drugs; reporting normal medical test results; providing educational materials; updating patient information; requesting a referral; additional communication on the same day as an onsite medical office visit; and services that would similarly not be charged for in an onsite medical office visit.
38. Services provided during an e-visit for the sole purpose of: scheduling appointments; reporting normal test results; providing educational materials; updating patient information; requesting a referral; additional communication on the same day as an onsite office visit; and services that would similarly not be charged for an onsite office visit.
39. Physical, occupational, and speech therapy services for or related to learning disabilities and disorders that are not medically necessary and appropriate, such as services provided in a school setting.
40. Services for or related to the repair of scars and blemishes on skin surfaces, except as described in "Reconstructive Surgery."
41. Services for or related to fetal tissue transplantation.
42. Custodial care, nonskilled care, or adult daycare.
43. Personal care attendants, except as described in "Hospital Inpatient."
44. Room and board for outpatient services.
45. Services, claims, or charges related to conversion therapy.
46. Services for or related to evaluations performed for administrative purposes, including, but not limited to, obtaining/maintaining employment or disability determination, insurance, licensing, certification, or for participation in activities such as school, camp or sports.
47. Services for or related to care that can be provided by a non-skilled caregiver, who has been trained or is capable of being trained.
48. Services for respite care, except as described in "Hospice Care – Notes."
49. Services for or related to any treatment, equipment, drug, and/or device that does not meet generally accepted standards of practice in the medical community, including but not limited to, homeopathy, naturopathy, reiki.

50. Services for or related to prescribed use of recreational therapy or other activities as treatment interventions to improve the functional living competence of persons with physical, mental, emotional and/or social disadvantages.
51. Services for or related to educational therapy and other nonmedical services normally provided in an educational setting including but not limited to special education classes, tutoring, boarding school, or school tuition.
52. Services for or related to nonmedical self-care or self-help training, including, but not limited to health club memberships, aerobic conditioning, therapeutic exercises, work hardening programs, or spas.
53. Services for or related to therapeutic massage.
54. Services for or related to acupuncture that are not medically necessary and appropriate. Eligible acupuncture services are limited to a maximum of 20 visits per person per calendar year for all networks combined.
55. Services for hippotherapy (equine movement therapy).
56. Autopsy.
57. Out-of-network provider-initiated communications.
58. Services for or related to cosmetic services, including treatment for problems related to these services, except as specified in "Reconstructive Surgery" or "Emergency Care."
59. Services for or related to preparing a person with disabilities for employment or assisting an individual to return to work.
60. Services for or related to bariatric surgery.
61. Services and prescription drugs for or related to assisted reproduction.

Health Care Management

Medical and Behavioral Health Care Management

Blue Cross reviews services to verify that they are medically necessary and appropriate, and that the treatment provided is the proper level of care. Blue Cross' review includes applying evidence-based benefit coverage criteria that may require a provider to submit a treatment plan. All applicable terms and conditions of your plan, including exclusions, deductibles, copays, and coinsurance provisions, continue to apply after a prior authorization is approved or an admission notification is completed.

Prior authorization and admission notification are only required for specific services. These requirements apply to the start of services and ongoing services you may receive.

If prior authorization is not completed and at the point the claim is processed it is found that services received were not medically necessary, you could be held liable for all the charges.

We will not retrospectively deny or limit coverage for a health care service if prior authorization was not required, unless there is proof of fraud or misinformation.

If you are admitted to the hospital due to an emergency, admission notification is required as soon as reasonably possible, and no later than two business days, following the admission.

An authorization for treatment of a chronic condition that is expected to last one year or more and requires ongoing medical attention to effectively manage the condition or prevent an adverse health event or limits one or more activities of daily living does not expire unless the standard of treatment for that health condition changes.

Prior authorization is not required when the care you receive is:

- for a medical emergency
- outpatient mental health treatment or outpatient substance use disorder treatment. Certain drugs may require prior authorization
- antineoplastic cancer treatment that is consistent with guidelines of the National Comprehensive Cancer network. Certain drugs may require prior authorization
- Services with a rating of A or B from the United States Preventive Services Task Force (USPSTF), immunizations recommended by the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention or preventive services and screenings provided to women as described in Code of Federal Regulations, title 45, section 147.130
- pediatric hospice services
- treatment delivered through a neonatal abstinence program provided by a pediatric pain or palliative care subspecialists

Prior Authorization, Including Concurrent Review

The prior authorization process ensures that members receive medically necessary, high-quality care in the appropriate clinical setting (level of care), in accordance with evidence-based standards. The initial prior authorization should be obtained before a service is rendered. Blue Cross' prior authorization list describes the services for which prior authorization is required. The prior authorization list is subject to change due to changes in Blue Cross' medical and behavioral health policies. Blue Cross reserves the right to revise, update and/or add to this list at any time without notice.

If additional services that require prior authorization are needed beyond what was initially approved, a new authorization is required and should be completed before any additional services are received. For inpatient facility services, this is referred to as a concurrent review of a continued stay.

The most current list of services requiring a prior authorization is available on the Blue Cross website at bluecrossmn.com/priorauth or call Customer Service at the telephone number on the back of your ID card.

Participating Providers in Minnesota and Bordering Counties

When you receive services that require prior authorization from a participating provider in Minnesota and bordering counties, the provider is required to obtain prior authorization for you.

Nonparticipating Providers and Participating Providers Located Outside of Minnesota and Bordering Counties

When you receive services that require prior authorization from a nonparticipating provider or any provider outside of Minnesota/bordering counties, you may have to obtain prior authorization yourself. Some of these providers may obtain

prior authorization for you. Verify with your providers if this is a service they will perform for you or not.

We prefer that all requests for prior authorization be submitted to us in writing to ensure accuracy. Call Customer Service at the telephone number on the back of your ID card for the appropriate fax number or mailing address for prior authorization requests.

Standard review process

We request that you or the provider contact us at least six business days prior to scheduling the care/services to determine if the services are eligible. We will notify you of our decision within five business days after receiving the request, provided that the prior authorization request contains all the information needed to review the service.

Expedited review process

Blue Cross will use an expedited review process when the application of a standard review could seriously jeopardize your life or health or if the attending health care provider believes an expedited review is warranted. When an expedited review is requested, we will notify you as expeditiously as the medical condition requires, but no later than 48 hours from receipt of the initial request or the end of the first business day after receipt of the initial request, whichever comes later, unless more information is needed to determine whether the requested benefits are covered. If the expedited determination is to not authorize services, you may submit an expedited appeal. Please refer to the "Complaint and Appeal Process" section for more information about submitting an expedited appeal.

We prefer that all requests for prior authorization be submitted to us in writing to ensure accuracy. Call Customer Service at the telephone number on the back of your ID card for the appropriate fax number or mailing address for prior authorization requests.

Admission Notifications

- **Planned admissions** - Your provider or you must inform us that you will be admitted for inpatient hospitalization services at least 72 hours prior to being admitted, or as soon as reasonably possible, no later than two business days, following the admission.
- **Emergency/unplanned admissions** - Your provider or you must inform us of an unplanned or emergency admission to a hospital as soon as reasonably possible, no later than two business days, following the admission.

Upon receipt of an admission notification, we may reach out to you or your provider to ensure your needs are met and to help you when you are discharged.

Acknowledgement of an admission notification is not the same as a prior authorization. You, or your provider may also be required to obtain prior authorization for the services or procedures performed during a hospital stay, such as an elective surgery or treatment that requires you to be admitted to the hospital. Please refer to "Prior Authorization" in this section to determine if you, or your provider, is responsible for obtaining any required prior authorization(s).

Participating Providers

Participating providers in Minnesota and participating providers outside of Minnesota are required to provide admission notification for you. You will not be held responsible if notification is not completed when using participating providers.

Nonparticipating Providers

You are required to provide admission notification to us if you are going to receive care from any nonparticipating providers. Some of these providers may provide notification for you. Verify with your provider if this is a service they will perform for you or not. You may be held financially responsible if notification is not completed when using nonparticipating facilities. **To provide admission notification, call Customer Service at the telephone number on the back of your ID card.**

Note: If at the point the claim is processed, it is found that any services received from a nonparticipating facility were not medically necessary, you are liable for all the charges.

Medical and Behavioral Health Care Management Overview

The following chart is an overview of the information outlined in the previous section. For more detail, please refer to the previous section.

Services received from:	Services that Require Prior Authorization	Planned Admission Notification	Emergency/Unplanned Admission Notification
Participating Provider Minnesota/Bordering Counties	Provider is responsible to request this for you and the provider must send the request in writing at least six business days prior to services.	Provider is responsible for completing the notification at least 72 hours prior to the admission or as soon as reasonably possible, no later than two business days, following the admission.	Provider is responsible for completing the notification as soon as reasonably possible, no later than two business days, following the admission.
Participating Provider Outside of Minnesota/Bordering Counties	You are responsible for obtaining the prior authorization and you must send the request in writing at least six business days prior to services.	Provider is responsible for completing the notification at least 72 hours prior to the admission or as soon as reasonably possible, no later than two business days, following the admission.	Provider is responsible for completing the notification as soon as reasonably possible, no later than two business days, following the admission.
Nonparticipating Provider Nationwide	You are responsible for obtaining the prior authorization and you must send the request in writing at least six business days prior to services.	You are responsible for completing the notification and you must call at least 72 hours prior to the admission or as soon as reasonably possible, no later than two business days, following the admission.	You are responsible for completing the notification and you must call as soon as reasonably possible, no later than two business days, following the admission.

Medical and Behavioral Health Policy Committee and Policies

Blue Cross uses externally-developed criteria, as well as internally-developed medical policies to apply benefits consistently for its members. Internally developed policies are subject to approval by our Medical and Behavioral Health Policy Committee, which consists of independent community physicians who represent a variety of specialties as well as a clinical psychologist and pharmacist. The remaining policies are approved by other external specialists. For all policies, Blue Cross' goal is to find the right balance between making improved treatments available and guarding against unsafe or unproven approaches. From time to time, new policies may be created, or existing policies may change. Covered benefits will be determined in accordance with the policies in effect at the time treatment is rendered or, if applicable, prior authorization may be required. Internally developed medical policies can be found at bluecrossmn.com. All medical and behavioral health policies are available upon request.

How Your Program Works

Your Provider Network

Choosing a Health Care Provider

You and your covered dependents may choose any eligible provider of health services for the care you need.

When you choose in-network providers, you generally get the most benefits for the least expense and paperwork. You present your member ID card to the in-network provider who submits your claim to Blue Cross.

Not every provider is an in-network provider for every plan. Before you receive care, it's important to make sure that the health care provider and facility (example given: hospital, clinic, outpatient facility) are in network. Log in at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card to:

- find an in-network provider,
- use our cost calculator,
- view board certification information, hospital affiliation, or other professional qualifications of your provider

In-Network Pharmacies

You must purchase prescription drugs from an in-network pharmacy to be eligible for benefits under this health plan. No benefits are available if prescription drugs are purchased from an out-of-network pharmacy.

In-network pharmacies are pharmacies in the Classic Pharmacy Network.

You must purchase specialty drugs from a specialty pharmacy network supplier to be eligible for benefits under this health plan. No benefits are available if specialty drugs are purchased from a pharmacy that is not a specialty pharmacy network supplier.

In-Network Care

In-network providers are providers in the High Value network.

In-network providers make it easier for you to get care. In-network providers are required to take care of prior authorization, admission notification, and emergency admission notification requirements (please refer to "Health Care Management") and send your claims to us. We send payment to the provider for covered services you receive.

Getting your care through the in-network providers also assures you get quality care. All physicians are carefully evaluated before they are accepted into the in-network. We consider educational background, board certification and performance history to determine eligibility. Then we monitor care on an ongoing basis through our credentialing department, which may include office record reviews and member satisfaction surveys.

In-network providers include a wide range of specialists; mental health and substance use disorder providers; community and specialty hospitals; pharmacies and laboratories in the plan service area.

You and your covered dependents are each encouraged to select a personal physician. This helps establish an ongoing relationship based on knowledge and trust and helps make your care consistent. Your personal physician can help you select an appropriate specialist and work closely with that specialist if the need arises. In addition, primary care providers or their covering physicians are on call 24/7.

You or your dependents can use the services of any in-network physician or specialist without a referral. Even though your provider may recommend or provide written authorization for a referral for certain services, there is always the chance the provider may be an out-of-network provider. The recommended services may also be covered at a lesser level of benefits or be specifically excluded. When these services are referred or recommended, a written authorization from your provider does not override any specific network requirements; notification requirements; or plan benefits, limitations or exclusions.

It is your responsibility to ensure that you receive in-network care. You should double-check any provider recommendations to make sure health care provider and facility provider is in the in-network prior to receiving services.

Your online provider directory lists in-network providers in our service area and may change from time to time, to reflect any changes in our network. Prior to receiving services, it is recommended that you verify your provider's network status with Blue Cross, including whether the provider is an in-network provider for your particular plan. If you have questions regarding your provider network, we will respond within one business day of your inquiry. If you have documentation that

you received incorrect information about the network status of a provider before a service, call Customer Service at the telephone number on the back of your ID card. The in-network cost-sharing amounts will apply for the service.

If you receive a claim for services from a provider whose status changed from in-network to out-of-network, you may notify us and we will reprocess the claim as an in-network claim (as long as the provider accepts our in-network reimbursement rates and complies with any prior authorization or information requirements), if three criteria are met:

1. the claim is for a service provided after the network status change went into effect but before the change was posted in the online directory;
2. we did not notify you of the network status change before the service was provided; and
3. we are unable to verify that the online directory displayed the correct network status on the date the service was provided

Out-of-Network Care

Out-of-network care is care you receive from providers who are not in-network.

When you go outside the in-network, you will still be covered for eligible services. However, your benefits generally will be paid at the lower, out-of-network level. You will likely pay more for your care compared to what you pay when seeing an in-network provider.

Out-of-Network Participating Providers

Out of network participating providers are providers who have a contract with us or with another Blue Cross and/or Blue Shield plan but are not in-network for your specific plan. They are included in Blue Cross' larger open access network.

Out of network participating providers may obtain prior authorization, admission notification, and emergency admission notification for you (please refer to "Health Care Management") and may file claims for you. Verify with your provider if these are services they will provide for you.

Most out of state out-of-network participating providers accept our payment based on the allowed amount. We recommend that you contact the out of state out-of-network participating provider and verify if they accept our payment based on the allowed amount to determine if you will have additional financial liability.

Nonparticipating Providers

Nonparticipating providers are not in-network and do not have a contract with us or another Blue Cross and/or Blue Shield plan.

If you receive care from a nonparticipating provider, you are responsible for providing prior authorization, admission notification, and emergency admission notification when necessary (please refer to "Health Care Management") and submitting claims for services you receive from nonparticipating providers.

Please note that you may incur significantly higher financial liability when you use nonparticipating providers compared to the cost of receiving care from in-network providers. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.

If you receive services from a nonparticipating provider, you will be responsible for any deductibles, copay, or coinsurance plus the DIFFERENCE between what Blue Cross would reimburse for the nonparticipating provider and the actual charges the nonparticipating provider bills. This difference does not apply to your out-of-pocket limit. This is in addition to any applicable deductible, copay, or coinsurance.

Participating facilities may have nonparticipating professionals practicing at the facility and you may be responsible for significantly higher out-of-pocket expenses for the nonparticipating professional services.

Out-of-Area Care

Your health plan also provides coverage for you and your eligible dependents who are temporarily away from home, or those dependents who permanently reside away from home.

To receive the highest level of coverage no matter where you are in the country, seek services from providers who are part of the Blue Cross and Blue Shield PPO network. If you receive covered non-emergency services from a provider who is not part of the Blue Cross and Blue Shield PPO network, these services will be covered at the lower, out-of-network level of benefits.

If you are traveling and an urgent injury or illness occurs, you should seek treatment immediately.

Emergency services will be covered at the higher benefit level. If the treatment results in an admission, please refer to "Health Care Management" for admission notification requirements.

Non-emergency benefits apply to follow up or scheduled services once your condition is stabilized.

If you are temporarily away from home (for example, vacation) and need to refill a prescription, call Customer Service at the telephone number on the back of your ID card for help. They can help you find an in-network pharmacy near the area you are visiting. You can also use the member website to find a pharmacy. Once you have the name and address of the in-network pharmacy, take the prescription bottle to that pharmacy. The pharmacist will contact your home pharmacy to start the refill process.

Inter-Plan Arrangements

Out-of-Area Services

Blue Cross has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access health care services outside the geographic area Blue Cross serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

Plan Arrangements

When you receive care outside of Blue Cross' service area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). Some providers ("nonparticipating providers") don't contract with the Host Blue. Blue Cross explains below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by Blue Cross to provide the specific service or services.

BlueCard® Program

Under the BlueCard® Program, when you access covered health care services within the geographic area served by a Host Blue, Blue Cross will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

Whenever you receive covered health care services outside of Blue Cross' service area and the claim is processed through the BlueCard Program, the amount you pay for covered health care services is calculated based on the lower of:

- the billed charges for covered services; or
- the negotiated price that the Host Blue makes available to Blue Cross.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, noted above. However, such adjustments will not affect the price Blue Cross used for your claim because they will not be applied after a claim has already paid.

Negotiated Arrangements

Instead of using the BlueCard Program, we may process your claims for covered healthcare services through Negotiated Arrangements.

If we and the group contractholder have agreed that a Host Blue shall make available a custom healthcare provider network in connection with this agreement, then the terms and conditions set forth in our Negotiated Arrangement for National Accounts with such Host Blue shall apply.

Under a Negotiated Arrangement with a Host Blue, your liability calculation will be based on the lower of either billed covered charges or negotiated price (refer to the description of negotiated price under BlueCard Program section) made available to us by the Host Plan.

Special Cases: Value-Based Programs: BlueCard® Program

If you receive covered health care services under a value-based program inside a Host Blue's service area, you will not be responsible for paying any of the provider incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, Blue Cross will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Nonparticipating Providers Outside Blue Cross' Service Area

When covered health care services are provided outside of Blue Cross' service area by nonparticipating providers, the amount you pay for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the nonparticipating provider bills and the payment Blue Cross will make for the covered health care services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

Blue Cross Blue Shield Global® Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing covered health care services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services

- In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered health care services. **You must contact Blue Cross to obtain prior approval for non-emergency inpatient services.**

Outpatient Services

- Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered health care services.

Submitting a Blue Cross Blue Shield Global Core Claim

- When you pay for covered health care services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the service center (the address on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from Blue Cross, the service center, or online at bcbsglobalcore.com. If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

Out-of-Country Benefits

Eligible services coordinated through the Blue Cross Blue Shield Global Core (please refer to "Inter-Plan Arrangements," "Blue Cross Blue Shield Global Core") program will process at the network level of coverage.

Call the Blue Cross Blue Shield Global Core service center within 24 hours of a medical emergency at 1-804-673-1177.

You will be advised by the service center if services are not eligible under this program.

If you do not call the Blue Cross Blue Shield Global Core service center or services are not eligible under this program, eligible non-emergency services will process at the out-of-network level of benefits.

Services not covered under the plan will not be considered for benefits.

Continuity of Care

A member or dependent of a group that is new to Blue Cross may request to continue current care when:

- You are currently receiving care from an out-of-network physician or specialist, and
- You want to continue to receive care from this physician for a special medical need or condition for a reasonable period of time before transferring to an in-network physician as required under the terms of your coverage with us.

A current member or dependent with Blue Cross may request to continue current care when:

- The relationship between your in-network clinic or physician and Blue Cross ends, rendering your clinic or provider out-of-network with us, and
- The termination was not for cause, and
- You want to continue to receive care for a special medical need or condition for a reasonable period of time before transferring to a participating provider as required under the terms of your coverage with us.

We will authorize this continuation of care for a terminal illness in the final stages or for the rest of your life if a physician, advanced practice nurse, or physician assistant certifies that your life expectancy is 180 days or less.

We will authorize this continuation of care if you are engaged in a current course of treatment for any of the following conditions or situations:

- Continuation for up to 120 days if you:
 1. have an acute condition;
 2. have a life-threatening mental or physical illness;
 3. have a physical or mental disability rendering you unable to engage in one or more major life activities provided that the disability has lasted or can be expected to last for at least one year, or that has a terminal outcome;
 4. have a disabling or chronic condition in an acute phase or that is expected to last permanently;
 5. are a member who is pregnant;
 6. are receiving culturally appropriate services from a provider with special expertise in delivering those services; or,
 7. are receiving services from a provider that speaks a language other than English.
- Continuation through the postpartum period (six weeks post-delivery) for a pregnancy beyond the first trimester.

Limitation

Continuity of care applies only if your provider agrees to:

- Accept Blue Cross' allowed amount;
- Adhere to all Blue Cross prior authorization requirements; and
- Provide Blue Cross with necessary medical information related to your care.

Continuity of care does not apply to services that are not covered under the plan, does not extend benefits beyond any existing limits, maximums, or coverage termination dates, and does not extend benefits from one plan to another.

Transition to In-Network Providers

Blue Cross will assist you in making the transition from an out-of-network to an in-network provider if you request us to do so. Please contact Customer Service for a written description of the transition process, procedures, criteria, and guidelines.

Provider Termination for Cause

If we have terminated our relationship with your provider for cause, we will not authorize continuation of care with, or transition of care to, that provider. Your transition to an in-network provider must occur on or prior to the date of such termination for you to continue to receive in-network benefits.

Continuity of Care - Transition of Prior Authorization

If you have an active prior authorization from your prior health plan, we will comply with the approved prior authorization for health care services for at least the first 60 days of your coverage with us. You or your attending health care provider

may request transition of a prior authorization by sending us documentation of the previous prior authorization. During the 60-day time period, we will complete a new review of your services following our established prior authorization process. Please refer to "Medical and Behavioral Health Care Management" for more details on our prior authorization process.

Whom We Pay

When you or your dependents use a participating provider for covered services, we pay the provider. When you or your dependents use a nonparticipating provider either inside or outside the state of Minnesota for covered services, we pay you, except as described in "Special Circumstances."

You may not assign your benefits to a nonparticipating provider, except when parents are divorced. In that case, the custodial parent may request, in writing, that we pay a nonparticipating provider for covered services for a child. When we pay the provider at the request of the custodial parent, we have met our obligation under the contract. This provision may be waived for: ambulance providers in Minnesota and border counties of contiguous states; and certain out-of-state institutional and medical/surgical providers.

You also may not assign your right, if any, to commence legal proceedings against Blue Cross.

In the event of loss of life, if you used a nonparticipating provider, we will pay for covered services in accordance with the beneficiary designation and the provisions respecting such payment that may be effective at the time of payment.

If no such designation or provision is then effective, such indemnity shall be payable to your estate. Any other outstanding payments for covered services unpaid at the time of your death may, at your option, be paid either to such beneficiary or to such estate. All other payments for covered services will be payable to you.

Unless you make an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to you. The consent of the beneficiary is not required to surrender or assign benefits under this benefit booklet or to change the beneficiary or make other changes in this benefit booklet.

Blue Cross does not pay claims to providers or to members for services received in countries that are sanctioned by the United States Department of Treasury's Office of Foreign Assets Control (OFAC), except for medical emergency services when payment of such services are authorized by OFAC. Countries currently sanctioned by OFAC include Cuba, Iran, and Syria. OFAC may add or remove countries from time to time.

Charges That Are Your Responsibility

In-Network Providers

When you use in-network providers for covered services, payment is based on the allowed amount. You are not required to pay for charges that exceed the allowed amount. You are required to pay the following amounts:

1. deductibles and coinsurance;
2. copays;
3. charges that exceed the benefit maximum; and
4. charges for services that are not covered.

Out-of-Network Providers

Out-of-Network Participating Providers

When you use out-of-network participating providers for covered services, payment is based on the allowed amount. You may not be required to pay for charges that exceed the allowed amount. All out-of-network participating providers in Minnesota accept our payment based on the allowed amount. Most out-of-network participating providers outside Minnesota accept our payment based on the allowed amount. However, contact your out-of-network participating provider outside Minnesota to verify if they accept our payment based on the allowed amount (to determine if you will have additional financial liability). You are required to pay the following amounts:

1. charges that exceed the allowed amount if the out-of-network participating provider outside Minnesota does not accept our payment based on the allowed amount;
2. deductibles and coinsurance;
3. copays;
4. charges that exceed the benefit maximum; and
5. charges for services that are not covered.

Nonparticipating Providers

When you use nonparticipating providers for covered services, payment is still based on the allowed amount. However, because a nonparticipating provider has not entered into a network contract with us or the local Blue Cross and/or Blue Shield plan, the nonparticipating provider is not obligated to accept the allowed amount as payment in full, except as described in "Special Circumstances." This means that you may have substantial out-of-pocket expense when you use a nonparticipating provider. You are required to pay the following amounts:

1. charges that exceed the allowed amount;
2. deductibles and coinsurance;
3. charges that exceed the benefit maximum;
4. charges for services that are not covered including services that we determined are not covered based on claims coding guidelines; and
5. charges for services that are investigative or not medically necessary.

Provider Payment Arrangements

This is a general summary of our provider payment methodologies only. Provider payment methodologies may change from time to time and every current provider payment methodology may not be reflected in this summary. Please note that some of these payment methodologies may not apply to your particular plan.

Participating Providers

Under the payment arrangements of the participating provider agreements, providers have agreed to provide care and receive the contractual allowed amount as payment in full, less member cost-sharing (for example deductible, coinsurance, copays) or amounts paid by other insurance for health services. The allowed amount may vary from one provider to another for the same service. These payment amounts generally result in the provider being paid less by us overall than its billed charges.

The allowed amount may not include other payment adjustments which may occur periodically including settlements to capture complex claims accurately, settlements for withhold, capitation, outlier cases, fee schedule adjustments, rebates, prospective payments or other methods. Such adjustments are completed without reprocessing individual claims. These settlements will not cause any change in the amount members paid at the time of claims processing. If the payment to the provider is decreased, the amount of the decrease is credited to us, and if the payment to the provider is increased, we pay that cost.

General Provider Payment Methods

Several industry-standard methods are used to pay our health care providers. If the provider is participating, they are under contract and the method of payment is part of the contract. Most contracts and payment rates are negotiated or revised on an annual basis.

Depending upon your health plan, a participating provider may be an in-network provider or may be an out-of-network participating provider. Payment will be based upon which network the participating provider is in for your health plan. Please refer to "How Your Program Works" for additional detail on covered services received in the in-network and out-of-network.

1. Professional (i.e., doctor visits, office visits)

Fee for Service or Discounted Fee for Service. Providers are paid for each service or bundle of services. Payment is based on a fee schedule allowance for each service or a percentage of the provider's billed charge.

Withhold and Bonus Payments. Providers are paid based upon a fee schedule or percentage of billed charges, and a portion is withheld. As an incentive to promote high quality and cost-effective care, the provider may receive all or a portion of the withhold amount based upon the cost-effectiveness of the care while demonstrating the optimal treatment for patients.

Capitation Payments. Providers may be paid in part based upon a per member per month capitation amount. This amount is calculated based upon historical costs and volumes to determine the average costs for providing medically necessary care to a patient.

2. Institutional (i.e., hospital and other facilities)

Inpatient Care

- Payments for each case (case rate) or for each day (per diem). Providers are paid a fixed amount based upon the member's diagnosis at the time of admission in a hospital or facility.
- Percentage of Billed Charges. Providers are paid a percentage of the hospital's or facility provider's billed charges for inpatient services.
- DRG Payments. All Patient Refined Diagnosis Related Groups (APR DRG) or other DRG payments apply to most inpatient claims. DRG payments are based upon the full range of services the patient typically receives to treat the condition.

Outpatient Care

- Enhanced Ambulatory Patient Groupings (EAPG) is used for payment on most outpatient claims. EAPG payments are based upon the full range of services the patient typically receives to treat the condition.
- Payments for each Category of Services. Providers are paid a fixed or bundled amount for each category of outpatient services a member receives during one or more related visits.
- Payments for each Visit. Providers are paid a fixed or bundled amount for all related services a member receives during one visit.
- Percentage of Billed Charges. Providers are paid a percentage of their regular billed charges for services.

3. Special Incentive Payments

As an incentive to promote high-quality, cost-effective care and to recognize those providers that participate in certain quality improvement projects, providers may be paid extra amounts based on the quality of the care and on savings that the provider may generate through cost effective care. Certain providers also may be paid in advance in recognition of their efficiency in managing the total cost of providing high quality care and implementing programs such as care coordination. Quality is measured against adherence to recognized quality criteria and improvement such as optimal diabetes care, supporting tobacco cessation, cancer screenings, and other services. Cost of care is based on quantifiable criteria to demonstrate managing claims costs. These quality and cost incentives are not reflected in claims payment.

4. Pharmacy Payment

Generally, four types of pricing are compared, and the lowest amount is paid:

- Average wholesale price of the prescription drug, less a discount, plus a dispensing fee;
- Pharmacy's retail price;
- Maximum allowable cost we determine by comparing market prices (for generic drugs only); or,
- Pharmacy's billed charge.

Nonparticipating Providers

A nonparticipating provider does not have any agreement with a Blue Cross or Blue Shield plan. Nonparticipating providers are not credentialed or subject to the requirements of a participating agreement.

The allowed amount for a nonparticipating provider is not the amount billed and is usually less than the allowed amount for a participating provider for the same service and can be significantly less than the billed charge. Members are responsible to pay the difference between the Blue Cross allowed amount and the nonparticipating provider's billed charge, except as described in "Special Circumstances." This amount can be significant and does not count toward any out-of-pocket limit contained in the plan.

Payment for covered services provided by a nonparticipating provider will be made at the out-of-network level. Please refer to "How Your Program Works" for additional detail on covered services received in the in-network and out-of-network.

Example

The following illustrates the different out-of-pocket costs you may incur using nonparticipating versus participating providers. The example presumes that your deductible has been satisfied and that the plan covers 80% for participating providers and 60% for nonparticipating providers.

	Participating Provider	Nonparticipating Provider
Provider Charge:	\$150	\$150
Allowed Amount:	\$100	\$80

Blue Cross Pays:	80% (\$80)	60% (\$48)
Coinsurance You Owe:	20% (\$20)	40% (\$32)
Difference Up to Billed Charge You Owe:	None	\$70 (\$150 minus \$80)
You Pay:	\$20	\$102

Special Circumstances

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

What is "balance billing" (sometimes called "surprise billing")?

Nonparticipating providers and facilities that haven't signed a contract with your health plan may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called "balance billing." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by a nonparticipating provider.

Your Rights and Protections Against Surprise Medical Bills

There may be circumstances where you require medical or surgical care and you do not have the opportunity to select the provider of care. These circumstances could include nonparticipating providers in an in-network hospital, your in-network physician using a nonparticipating laboratory, post-stabilization following emergency services, or medically necessary air ambulance services.

Balance billing is prohibited when you get emergency care or are treated by a nonparticipating provider at an in-network hospital or ambulatory surgical center. In-network cost sharing for these services must be applied to your in-network deductible/out-of-pocket maximum.

When a claim is identified as a special circumstance, payment will be made to the nonparticipating provider when required by law. These nonparticipating providers can negotiate with Blue Cross for a higher allowed amount after the initial payment has been made. This may result in an increase to the amount applied to your in-network cost-sharing. For additional information, visit bluecrossmn.com/nosurprises.

You are protected from balance billing for:

- Certain services at an in-network hospital or ambulatory surgical center - When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be nonparticipating providers. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers can't balance bill you and may not ask you to give up your protections not to be balance billed.
- Emergency services - If you have an emergency medical condition and get emergency services from a nonparticipating provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You can't be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.
- Surprise Air Ambulance Bills – Emergency air ambulance transportation that is provided to you by nonparticipating providers will be reimbursed at in-network cost sharing rates. Nonparticipating air ambulance providers can't balance bill you. They can only bill you for the usual cost-sharing amount set by your plan. In addition, in-network cost sharing for these services must be applied to your in-network deductible/out-of-pocket maximum. Please refer to "Ambulance" for coverage of benefits.

Steps You Can Take

If you receive a bill from a nonparticipating provider while using a participating hospital or facility, and you did not provide written consent to receive the services, this could be a “surprise” or “balance” bill. If you have questions regarding what a “surprise” or “balance” bill is, call Customer Service at the number on the back of your ID card or visit bluecrossmn.com/nosurprises. The extent of reimbursement in certain medical emergency circumstances may also be subject to state and federal law, please refer to "Emergency Care" for coverage of benefits. You may appeal a decision that your claim does not qualify as a special circumstance. Please refer to "Complaint and Appeal Process."

Billing Errors

When we determine or receive notice from a patient or other person that a bill from your health care provider to a patient for health treatment or services may contain one or more billing errors, we will:

1. notify you of the potential billing error within 30 days,
2. review the bill and request that the health care provider correct any billing errors found, and
3. within 30 days of completing our review, notify you when our review is complete and share our findings with you.

While the review is being conducted, the health care provider must not bill the patient for any health treatment or service subject to review for potential billing errors. If it is determined the patient overpaid the health care provider under the bill, the health care provider must, within 30 days after the completed review, refund to the patient the amount the patient overpaid.

A billing error is an error in a bill from a health care provider to a patient for health treatment or services that affects the amount owed by the patient according to that bill. Billing error includes but is not limited to:

1. miscoding a health treatment or service,
2. an error in determining whether a health treatment or service is covered under the patient's health plan, or
3. an error in determining the cost-sharing owed by the patient.

Who is Eligible for Coverage

If you, your spouse, and/or eligible dependent are group members of the group contractholder, you may be covered as either an employee or as a dependent, but not as both. Your eligible dependent children may be covered under either parent's coverage, but not both.

Eligible Dependents

Your Spouse

Your spouse is:

The person to whom you are legally married.

Your partner through a civil union in a jurisdiction that recognizes civil unions.

Your Dependent Children

Dependent children up to the limiting age of 26 includes:

- Your children
- Your stepchildren
- Children of a legal civil union
- Children legally placed for adoption
- Children for whom you or your spouse have been appointed legal guardian
- Foster children
- Grandchildren who live with you or your spouse continuously from birth and are financially dependent upon you or your spouse
- Children awarded coverage because of a court order

A dependent child's coverage automatically terminates, and all benefits hereunder cease at the end of the month the dependent reaches the limiting age or ceases to be a dependent as indicated above, whether notice to terminate is received by Blue Cross. Refer to section "Continuation of Coverage" for information regarding extension of coverage, or how to obtain an individual qualified plan.

A disabled dependent can remain on the plan after they reach the limiting age. See "Disabled Dependent" section.

Enrollment and Effective Dates

Coverage starts on the date you are deemed eligible by your employer. This is the effective date for you and any eligible dependents who enroll on or before that date.

For group members added after the original effective date of the contract, coverage will take effect on the date the group member has satisfied the group contractholder's eligibility and probationary requirements, and an application is received by us.

Adding New Dependents

Monthly premiums must be paid from the date coverage starts for any new dependent added. You must check with your group contractholder to determine if you are responsible for all or a portion of these premiums and to coordinate your application to add the new dependent.

Adding a Newborn or Adopted Child

Your newborn child, newborn grandchild or adopted child is covered starting on the date of birth or on the date of placement with you.

If you submit an application more than 30 days after birth or placement, your dependent child will be added retroactive to the date of birth or placement and you will be responsible for any premium due from the date of birth or placement.

If we receive the application to add your newborn child, newborn grandchild, or adopted child requesting an effective date later than the date of birth or placement, your dependent child must meet the requirements of the special enrollment period.

Disabled Dependent

A disabled dependent is a dependent who is and continues to be disabled and who is not able to support themselves because of developmental disability, mental illness or disorder, or physically disabled and primarily dependent upon the group member for support and maintenance.

Disabled dependent children who reach the limiting age may apply to continue coverage under this plan. Your request must be received within 31 days from when the child reaches the limiting age.

A dependent who becomes disabled after the limiting age may apply for coverage under this plan.

To be eligible for coverage, the dependent must meet the criteria for disabled dependent in this section and the "Eligible Dependents" section.

We require proof of eligibility, and we may request proof of eligibility again two years later and each year thereafter.

Special Enrollment Periods

Special enrollment periods are periods when you or your eligible dependent(s) may enroll in a new health plan or make changes to an existing health plan when all enrollment conditions are met.

To enroll you or your eligible dependent(s) must notify plan administrator within 30 days of the triggering event, unless otherwise noted below.

Special Enrollment Qualifying Life Events

Losing health coverage that is not minimum essential coverage is not considered a loss of minimum essential coverage. Voluntarily quitting other health coverage or loss of coverage due to failure to pay premiums or rescission do not qualify as special enrollment events.

The coverage effective date cannot be prior to the occurrence of the event.

Eligible Circumstances	You or your dependent can request coverage	Special Instructions
New dependent	for the dependent because of: marriage	
	- birth - adoption - placement for adoption or foster care - court order	Refer to section "Adding a Newborn or Adopted Child."
Loss of Existing Minimum Essential Coverage (MEC)	when they are no longer covered under a health plan with minimum essential coverage because: - employer no longer offers benefits or employer closes - loss of eligibility for employer-sponsored coverage due to job loss or reduction in hours - termination of all employer contributions - death of employee - employee becomes entitled to Medicare	

Eligible Circumstances	You or your dependent can request coverage	Special Instructions
	• legal separation or divorce from employee • loss of dependent child status • move outside existing ACO or HMO service area • COBRA coverage has been exhausted • exceeding the plan's lifetime maximum • employer bankruptcy	
Loss of or gains eligibility Medical Assistance (Medicaid) or Children's Health Insurance Program (CHIP) Coverage	• when they have been covered under Medicaid or CHIP at the time coverage was previously offered to the group member or dependent and lose eligibility or • when they have documentation that they are eligible for premium assistance through Medicaid or CHIP from their employer	Notify Blue Cross within 60 days after • the termination or • becoming eligible for premium assistance through Medicaid or CHIP

Termination of This Plan

When your coverage ends under this plan you may exercise your right to continue your coverage. Refer to the "Continuation of Coverage" section for information regarding extension of coverage, or how to obtain an individual health plan.

Termination Reasons and Dates

Event	What does this mean?	Who this applies to	Coverage ends on the last day of the month that
Plan terminated for all group members	- You will receive a 30-day notice of termination prior to the effective date of cancellation - The notice will be sent using a list of addresses that is updated every 12 months - You will not receive a notice if we have reasonable evidence that this coverage will be replaced by a similar policy, plan, or contract	Group member and dependents	As stated in the notice
Required premiums are not paid	- Your employer must provide full payment of all premiums to us - You must pay all premiums for continuation coverage	Group member and dependents	Premiums are due
Group member is no longer eligible	Your employer determines eligibility	Group member and dependents	Eligibility ends
Entering military service	Applies to duty lasting more than 31 days	Group member and dependents	Military service begins
Dependent is no longer eligible	Eligibility as defined in "Eligible Dependents" section	Dependents for which event applies	The event occurred
Group member terminates coverage	You request that coverage be terminated	Group member and dependents	The termination request is received
Determination of fraud or misrepresentation	We determine that you have committed fraud or misrepresentation regarding eligibility or any other material fact	Group member and dependents	Date we determine fraud or misrepresentation committed

Changes in Membership Status

Medicare

Choices for active employees age 65 or over are as follows:

Non-Covered Active Employees Age 65 or Over

If you are age 65 or over and actively employed, you may elect not to be covered under your health plan. In such a case, Medicare will be your only coverage. If you choose this option, you will not be eligible for any benefits under the health plan. Contact your plan administrator for specific details.

Covered Active Employees Age 65 or Over

If you are age 65 or over and actively employed in a group with 20 or more employees, you will remain covered under the health plan for the same benefits available to employees under age 65. As a result:

- the health plan will pay all eligible expenses first; then,
- Medicare will pay for Medicare eligible expenses, if any, not paid for by the health plan.

Spouses Age 65 or Over of Active Employees

If you are actively employed in a group with 20 or more employees, your spouse has the same choices for benefit coverage as indicated above for the employee age 65 and over.

Regardless of the choice made by you or your spouse, each one of you should apply for Medicare Part A coverage about three months prior to becoming age 65. If you elect to be covered under the health plan, you may wait to enroll for Medicare Part B. You will be able to enroll for Part B later during special enrollment periods without penalty.

Leave of Absence or Layoff

Upon your return to work following a leave of absence or layoff that continued beyond the period of your coverage, your group's health plan may, in some cases, allow you to resume your coverage. You should consult with your plan administrator/employer to determine whether your group health plan has adopted such a policy.

Benefits After Termination of Coverage

If you are an inpatient on the day your coverage terminates due to the replacement of the group contract, benefits for inpatient covered services will be continued as follows:

- Until the maximum amount of benefits has been paid; or
- Until the inpatient stay ends; or
- Until you become covered, without limitation as to the condition for which you are receiving inpatient care, under another group health plan; whichever occurs first.

Fraudulent Practices

Coverage for you or your dependent will be terminated if you or your dependent engage in fraud of any type or intentional misrepresentation of material fact including, but not limited to:

- Submitting fraudulent misstatements or omissions about your eligibility status on the application for coverage;
- Submitting fraudulent, altered, or duplicate billings for personal gain; and/or
- Allowing another party not eligible for coverage under the plan to use your or your dependent's coverage.

Continuation of Coverage

Generally, continuation coverage is the same coverage that you or your dependent had on the day before the qualifying event. You have the same rights under this plan as active employees or their dependents as noted under "Annual Open Enrollment" and "Special Enrollment."

Qualifying Events

You or your covered dependents may continue this coverage for the qualifying events listed below. You and your eligible dependents must be covered on the day before the qualifying event in order to continue coverage.

NOTE: You may have a right to Special Enrollment in a new plan such as an individual health plan or another employer plan.

Qualifying Event	What does this mean?	Who May Continue	Maximum Continuation Period is earlier or earliest of
Termination of employment	Voluntary or involuntary termination for reasons other than gross misconduct	Group member and dependents	18 months from the 1st of month following the event, or - Effective date of other group coverage
Reduction in the hours	Due to lay-off, leave of absence, strike, lockout, change from full-time to part-time employment		
Death of the group member		Dependents	- Effective date of other group coverage, or - Date coverage would otherwise end if the group member had lived
Group member becomes enrolled in Medicare		Dependents	36 months from date of event, or - Effective date of other group coverage, or - Date coverage would otherwise end
Divorce	Spouse/ex-spouse was covered on the day before the entry of the valid decree of dissolution of marriage	Spouse/ex-spouse and any dependent children who lose coverage	- Effective date of other group coverage, or - Date coverage would otherwise end
Legal separation	Under federal COBRA law,	Spouse/ex-spouse and any dependent children who lose coverage	- Effective date of other group coverage, or - Date coverage would otherwise end

Qualifying Event	What does this mean?	Who May Continue	Maximum Continuation Period is earlier or earliest of
	- Spouse/ex-spouse was covered on the day before the entry of the valid decree of dissolution of marriage - If coverage for Spouse was terminated in anticipation of the divorce or legal separation, a later divorce or legal separation is considered a qualifying event		
Dependent child is no longer eligible	Eligibility as defined in "Eligible Dependents" section	Dependent child	36 months from date of event, or - Effective date of other group coverage, or - Date coverage would otherwise end
Group contractholder filing Chapter 11 bankruptcy	- You are a retiree of the group contractholder filing Chapter 11 bankruptcy - Includes substantial reduction in coverage within one year of filing	Retiree	Lifetime continuation
		Dependents	Lifetime continuation until the retiree dies, then an additional 36 months following retiree's death
		Surviving spouse	- Lifetime continuation until the retiree dies, then an additional 36 months following retiree's death - Lifetime continuation when retiree is deceased at time of event and spouse is already covered by the group contract

Qualifying Event Extensions

Maximum coverage periods of 18 or 36 months can be extended in certain circumstances.

Total Disability of Group Member

Under Minnesota law, when the group member becomes totally disabled while employed you and your dependents can remain in the group health plan indefinitely.

Group Member Enrolled in Medicare

- Group member is enrolled in Medicare, and
- Later experiences termination of employment or a reduction in the hours worked, and
- This occurs within 18 months after the date of the group member's Medicare enrollment.

Dependents may extend coverage for a maximum period of 36 months from date of event or the enrollment date in other group coverage or the date coverage would otherwise end, whichever comes first.

If the qualifying event is more than 18 months after Medicare enrollment, is the same day as the Medicare enrollment, or occurs before Medicare enrollment, no extension is available.

Total Disability of Dependent(s)

- You have continuation coverage because group member was terminated from employment or had a reduction of hours, and
- The disability occurs prior to the end of the initial 18-month continuation period, and
- Social Security Administration (SSA) determines a dependent covered under the initial continuation coverage is disabled at any time during the first 60 days of continuation.

Dependents covered under the initial continuation coverage may extend coverage for a maximum period of 29 months from the date the group member leaves employment or until the date total disability ends or the date coverage would otherwise end, whenever comes first.

Second Qualifying Event

- You have continuation coverage because group member was terminated from employment or had a reduction of hours, and
- The second qualifying event occurs prior to end of the 18-month continuation period or 29-month disability extension, and
- The second qualifying event has at least a 36-month continuation period.

Dependents covered under the initial continuation coverage may extend coverage for a maximum period of 36 months from date of the initial event or the enrollment date in other group coverage or the date coverage would otherwise end, whichever comes first.

Certain qualifying events allow lifetime continuation, refer to the Qualifying Event table above.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are called to active duty in the uniformed services, you may elect to continue coverage for you and your eligible dependents under USERRA. This continuation right runs concurrently with your continuation right under COBRA when you are called into active or reserve duty, whether voluntary or involuntary, in the Armed Forces, the Army National Guard, the Air National Guard, full-time National Guard duty, the commissioned corps of the Public Health Services and any other category of persons designated by the President of the United States.

Group member and dependents may extend coverage for a maximum period of 24 months.

Continuation Notice Obligations

You or your dependents each are entitled to an independent right to elect continuation coverage. Therefore, a spouse/ex-spouse may not decline coverage for the other spouse/ex-spouse and a parent cannot decline coverage for a non-minor dependent child who is eligible to continue coverage.

In addition, a dependent may elect continuation coverage even if the covered group member does not elect continuation coverage.

If you or your dependent's address changes, you *must* notify the plan administrator in writing so the plan administrator may mail you or your dependent important continuation notices and other information.

You and your dependents may elect continuation coverage even if covered under another employer-sponsored group health plan or enrolled in Medicare.

Contact the group contractholder to determine how to elect continuation coverage.

Notices for	Group Member /Dependent	Group Contractholder	Eligible Group Member / Dependent
Election of continuation due to: - Termination of employment - Reduction in hours	Notice of the event is not required.	Your employer will notify you within 14 days of the termination or reduction in hours of your right to elect continuation coverage.	You will have 60 days to elect continuation of coverage, beginning from the later of: - The date that the plan coverage would otherwise terminate due to the termination of employment or reduction in hours, or - The date you received notice of your right to elect continuation coverage.
Election of continuation due to: Death of the group member	We request that your surviving dependent promptly notify your employer if they are not aware of the event.	Your employer will notify your dependent of the requirement to pay a premium to retain coverage.	Failure to pay premium within 90 days after notice of the requirement to pay premium shall be a basis for termination of coverage.
Legal separation under federal COBRA law	We request that you or your dependent promptly notify your employer if your marital status changes	Your employer will notify your dependent of their right to elect continuation coverage.	Your dependent will need to elect continuation coverage consistent with the instructions provided by your employer when notified of your dependent's right to elect continuation coverage.
Election of continuation due to: - Divorce - Dependent child is no longer eligible - Group member becomes enrolled in Medicare	We request that you or your dependent promptly notify your employer if your marital status changes, a dependent child is no longer an eligible dependent under the terms of this contract, or you become enrolled in Medicare.	Your employer will notify your dependent of their right to elect continuation coverage.	Your dependent will need to elect continuation coverage consistent with the instructions provided by your employer when notified of your dependent's right to elect continuation coverage.
Extension of continuation due to: - Disability determination or - New qualifying event	We request that you or your dependent promptly notify your employer of the disability determination or the new qualifying event before the end of the initial 18-month or 29-month continuation period.	Your employer will notify you or your dependent of their right to elect continuation coverage.	Your dependent will need to elect continuation coverage consistent with the instructions provided by your employer when notified of your dependent's right to elect continuation coverage.

Termination of Continuation Coverage Before the End of Maximum Coverage Period

Continuation coverage of the group member and dependents will automatically terminate when any one of the following events occur:

- If during an 18-month or 29-month maximum coverage period due to disability the SSA makes the final determination that the qualified beneficiary is no longer disabled. You must notify the group contractholder within 30 days of the final determination.
- Occurrence of an event listed under "Termination of This Plan" that permits termination of coverage with respect to any covered group members or their dependents whether or not they are on continuation coverage.

Continuation Premiums

Premiums for continuation can be up to the group rate plus a two percent administration fee.

Under federal law, in the event of a dependent's disability, the premiums for continuation for the group member and dependents can be up to 150% of the group rate for months 19-29 if the disabled dependent is covered.

If the qualifying event for continuation is the group member's total disability, the administration fee is not permitted.

All premiums are paid directly to the group contractholder.

Coordination of Benefits

Most health plans, including your Blue Cross plan, contain a coordination of benefits (COB) provision. The COB provision is used when you, your spouse or your covered dependents received a health care service and had active benefits under more than one plan at the time of that service.

When you have health care coverage under more than one plan, benefits will be coordinated. The "Order of Benefits Rules" determines which plan provides benefits first. Your benefits under this plan are not reduced if the order of benefits rules require this plan to pay first. Your benefits under this plan may be reduced if another plan pays first.

Coordination of benefits is to ensure that your covered expenses will be processed, while ensuring that the claim charges are not overpaid. If you receive funds to pay a provider directly, and you receive more funds than you should have, you will be expected to repay any overpayment.

Definitions

These definitions apply only to this section.

Plan - Any of the following that provides benefits or services for, or because of, medical or dental care or treatment:

1. group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice, individual practice coverage, and group coverage other than school accident-type coverage;
2. coverage under a government plan or one required or provided by law; or
3. individual coverage.

Plan does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). "Plan" does not include any benefits that, by law, are excess to any private or other nongovernmental program.

Plan does not include hospital indemnity, specified accident, specified disease, or limited benefit insurance policies.

Each contract or other arrangement for coverage is a separate plan. Also, if an arrangement has two parts and this section applies only to one part, each of the parts is a separate plan.

This Plan - The part of this group contract that provides health care benefits.

Primary Plan/Secondary Plan - The "Order of Benefits Rules" establish whether this plan is the primary plan or secondary plan when compared to the other plan covering the member.

When this plan is a primary plan, its benefits are determined before any other plan and without considering the other plan's benefits. When this plan is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.

When you are covered under more than two plans, this plan may be a primary plan as to some plans, and may be a secondary plan as to other plans.

Allowable Expense - The necessary, reasonable, and customary item of expense for health care, covered at least in part by one or more plans covering the person making the claim. "Allowable expense" does not include an item of expense that exceeds benefits that are limited by statute or this plan. "Allowable expense" does not include outpatient prescription drugs, except those eligible under Medicare.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.

Claim Determination Period - A calendar year. However, it does not include any part of a year the person is not covered under this plan, or any part of a year before the date this section takes effect.

Order of Benefits Rules

Blue Cross uses the following rules to establish which plan is the primary plan:

You and Your Dependents

1. When your other coverage does not include order of benefit rules, then that plan is the primary plan.

2. The plan that covers the member as a contractholder is the primary plan over the plan that covers the member as a dependent.

Dependent Children

1. Birthday Rule
 - a. The plan of the parent whose birthday falls earlier in the calendar year is the primary plan.
 - b. If both parents have the same birthday, the plan that covered the parent longer will be the primary plan.
2. Separated or Divorced Parents
 - a. The plan of the parent with custody of the child is the primary plan.
 - b. The plan of the spouse of the parent with custody is the secondary plan.
 - c. When a court decree specifies the parent who is financially responsible for the child's health care expenses, and the plan of that parent has actual knowledge of those terms, the plan of that parent is the primary plan. This rule applies to claim determination periods or plan years commencing after the plan is given notice of the court decree.

Other

The plan of an individual who is covered as an employee is the primary plan over the plan of an individual who is either laid-off or retired.

When the member who received care is covered under the No-Fault Automobile Insurance Act or similar law or traditional automobile "fault" type coverage, that coverage applies benefits first.

When none of the above circumstances applies, the plan that has continuously covered the individual for the longest time is the primary plan.

Medicare and TRICARE

This plan will comply with the Medicare Secondary Payor (MSP) and TRICARE provisions of federal law to determine which plan is a primary plan and which is a secondary plan.

Medicare or TRICARE will be primary, and this plan will be secondary only to the extent permitted by MSP or TRICARE rules.

When Medicare or TRICARE is the primary plan, this plan will coordinate benefits up to Medicare's or TRICARE's allowed amount.

Effect on Benefits of This Health Plan

When the "Order of Benefits Rules" establish that this plan is a secondary plan, benefits of this plan may be reduced. Combined benefit payments will not exceed the total allowable expense. This applies whether or not a claim is made under a plan.

Reduction in this plan's benefits is equal to the difference between:

1. The benefit payments this plan would have paid had it been the primary plan; and
2. The benefit payments that this plan actually paid or provided as the secondary plan.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered is considered both an expense incurred and a benefit payable. When benefits of this plan are reduced each benefit is reduced in proportion to any applicable benefit limit, such as the deductible, of this plan.

Reimbursement and Subrogation

Subrogation is the right to pursue another party for medical costs that were originally paid by the Blue Cross plan when another party was liable. This encompasses, but is not limited to, motor vehicle accidents, Workers' Compensation, and other injuries.

If we pay benefits for covered services you incur as a result of any act of any person, and you later obtain full compensation, you or your dependents, heirs, guardians, executors, trustees or other representatives are obligated to reimburse us for the benefits paid. If you or your dependents receive benefits under this health plan arising out of illness or injury for which a responsible party is or may be liable, we are also entitled to subrogate against any person, corporation and/or other legal entity, or any insurance coverage, including both first- and third-party automobile coverages to the full extent permitted by law.

Our right to reimbursement and subrogation is subject to you obtaining full recovery from another source, as explained in Minnesota statutes section 62A.095 and 62A.096.

Unless we are separately represented by our own attorney, our right to reimbursement and subrogation is subject to reduction for first, our pro rata share of costs, disbursements, and then reduced by reasonable attorney fees incurred in obtaining the recovery. For the purposes of this section, full recovery does not include payments made by a health plan to, or for the benefit of, a covered person.

If Blue Cross is separately represented by an attorney, Blue Cross and the covered member, by their attorneys, may enter into an agreement regarding allocation of the covered member's cost, disbursements, and reasonable attorney fees and other expenses. If Blue Cross and the covered member cannot reach agreement on allocation, Blue Cross and the covered member shall submit the matter to binding arbitration.

Notice Requirement

You must provide timely written notice to us of the pending or potential claim if you make a claim against a third party for damages that include repayment for medical and medically related expenses incurred for your benefit. We will take appropriate action to preserve our rights under this Reimbursement and Subrogation section, including our right to intervene in any lawsuit you have commenced.

Duty to Cooperate

You must cooperate with Blue Cross in assisting it to protect its legal rights under this provision. You agree that the limited period in which we may seek reimbursement or to subrogate does not commence to run until you or your attorney has given notice to us of your claim against a third party.

What May Happen to Your Future Benefits

If you or your dependent(s) pursue a settlement, judgement, or other recovery from any person or entity, including your own automobile or liability carrier, without first notifying us, the plan may determine that you, your dependents, heirs, guardians, trustees or other authorized representatives have failed to cooperate with the subrogation and reimbursement provisions which may impact resolution of your claims. We may recover any plan overpayment by reallocating the overpayment amount to pay, in whole or in part, for your future claims until the matter has been resolved.

Worker's Compensation

This section applies if you receive treatment for an employment related illness/injury for which you are eligible to make a worker's compensation claim. Claims for medical expenses from an employment related illness/injury should be first submitted to the worker's compensation carrier for coverage, unless the worker's compensation carrier has disputed the claim. This plan will still cover eligible services that are provided to you that are not paid by worker's compensation coverage for the treatment of an employment related illness/injury.

Release of Records

You agree to allow all health care providers to give us needed information about the care they provide to you. If needed, a separate patient consent for the use and disclosure of substance use disorder counseling notes will be provided that includes a clear explanation of the scope of the consent. This includes information about care received prior to enrollment with Blue Cross where necessary. Your disclosure authorization is valid as long as you are continually insured or until revoked.

We may need this information to:

1. process claims
2. conduct utilization review
3. conduct care management and quality improvement activities
4. conduct reimbursement and subrogation review
5. conduct other health plan activities as permitted by law.

We keep this information confidential, but we may release it if you authorize release, or if state or federal law permits or requires release without your authorization.

If a provider requires special authorization for release of records, you agree to provide this authorization. Your failure to provide authorization or requested information may result in denial of your claim.

Facility of Payment and Right of Recovery

When another plan pays an amount that should have been paid under this plan, we may pay that amount to the organization that made that payment. That amount will then be considered a benefit paid under this plan. We will not have to pay that amount again.

If we pay more than we should have paid under these coordination of benefit rules, we may recover the excess from any of the following:

1. the persons we paid or for whom we have paid;
2. insurance companies; or
3. other organizations.

Any payment made or amount paid includes the reasonable cash value of any benefits provided in the form of services.

Claims Process

In-network providers file your claims for you. If you use an out-of-network provider, you may have to file the claim yourself.

For a description of how to file a request for prior approval or other pre-service claim, please refer to "Medical and Behavioral Health Care Management" in "Health Care Management."

Payment of a claim does not preclude the right of Blue Cross to deny future claims or take any action it determines appropriate, including seeking repayment of claims already paid. Blue Cross may also seek rescission of the contract in instances of fraud and intentional misrepresentation or omission of material fact.

Authorized Representatives

You have the right to appoint an authorized representative to file or pursue a request for reimbursement or other post-service claim, complaint, or appeal on your behalf. You may be required to sign an authorization to appoint an individual to act on your behalf.

Prescription Claims

When you purchase covered prescription drugs from a pharmacy in the network applicable to your health plan, present your prescription and member your ID card to the pharmacist. Prescriptions that the pharmacy receives by telephone from your health care provider or dentist may also be covered. You should request and retain a receipt for any amounts you have paid for income tax or any other purpose.

If you do not present your member ID card or otherwise provide notice of coverage at the time of purchase, the pharmacy will charge you the full amount for the prescription drug. You will be reimbursed based on the discounted pricing. Therefore, in addition to any applicable member cost-sharing, you will also be liable for the difference between the amount the pharmacy charges you for the prescription drug at the time of purchase and any discounted pricing we have negotiated with in-network pharmacies for that prescription drug. You will also be required to file a claim. Please refer to "How to File a Claim."

To use a 90dayRx retail pharmacy, verify that your pharmacy participates in the network and present your prescription for a 90 day fill of the eligible prescription drug.

For more information on how to use a home delivery pharmacy, log in at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card.

How to File a Claim

You may request that we send you a claim form. If we fail to send you a claim form within 15 days your claim will be treated as if you had submitted all required proof of loss documentation. Claim forms are available at bluecrossmn.com or by calling Customer Service at the telephone number on the back of your ID card.

You must file a written claim within 90 days after a covered service is provided. If this is not reasonably possible, we accept claims for up to 12 months after the date of service. Normally, failure to file a claim within the required time limits will result in denial of your claim. However, we waive these limits if you cannot file the claim because you are legally incapacitated.

You may be required to provide copies of bills, proof of payment, or other satisfactory evidence showing that you have incurred a covered expense that is eligible for reimbursement.

We have the right to ask you to be examined by a provider during the review of any claim. We choose the provider and pay for the examination whenever we request this. Failure to comply with this request may result in denial of your claim.

You will receive a notice of the decision on your claim with 30 business days after we receive the claim and any other required information.

If your request for reimbursement or other post-service claim is denied, you will receive written notification of that denial which will include, among other items, the specific reason or reasons for the adverse benefit determination and a statement describing your right to file an appeal.

Your Explanation of Health Care Benefits (EOB)

An EOB is not a bill. Instead, it explains how your benefits have been applied. It shows what you may owe your provider after your health insurance claim has been processed. You should review it to make sure you received the services that are being billed and that the amount being billed matches the amount shown on the EOB.

When you or your provider submit a claim, you will receive an EOB statement that lists:

- the provider's actual charge;
- the allowed amount as determined by Blue Cross;
- the copay, deductible, and coinsurance amounts, if any, that you are required to pay;
- total benefits payable; and
- the total amount you owe.

You will receive an EOB only when you are required to pay amounts other than your required copay. You may view your EOBs for all claims when you log in at bluecrossmn.com. If you do not have access to a computer or prefer to continue receiving printed EOBs, call Customer Service at the telephone number on the back of your ID card.

Complaint and Appeal Process

The complaint and appeals processes described are subject to change if required or permitted by changes in state or federal law governing complaint and appeal procedures.

How to Voice a Complaint

You or your authorized representative may call us to complain or appeal any aspect of your health care benefits, this includes concerns relating to in-network providers, coverage, operations or management policies. Call Customer Service at the telephone number on the back of your ID card.

A representative will review, research, and respond to your inquiry as quickly as possible. If our resolution of your oral complaint is wholly or partially adverse to you, or not resolved to your satisfaction within 10 days of our receipt of your oral complaint, you may submit a written complaint or first level appeal.

We will provide you or your authorized representative a form to include all necessary information to file your written complaint or appeal. If you need assistance, we will complete the form, and mail it to you for your signature. The form to file a complaint or appeal is also on our website.

Mail the completed form to the address listed below. Please include your identification and group numbers as displayed on your member ID card.

Blue Cross and Blue Shield of Minnesota
Processing Center
P.O. Box 982800
Attention: Appeals and Grievances
El Paso, TX 79998

In addition, you may file your complaint or appeal with the Minnesota Commissioner of Commerce at any time.

Telephone: (651) 539-1600 or 1-800-657-3602.

Email: consumer.protection@state.mn.us

Website: <https://mn.gov/commerce/consumers/file-a-complaint/>

If you are covered under a plan offered by the State Health Plan, a city, county, school district, or service cooperative, you may also contact the U.S. Department of Health and Human Services Insurance Assistance Team at 888-393-2789.

Fraud or Provider Abuse

If you think that a provider is committing fraud, please let us know. Examples of fraud include: submitting claims for services that you did not get; adding extra charges for services that you did not get; giving you treatment for services you did not need. You may also call the local state toll-free Fraud Hotline.

Written Complaints and First Level Appeals

Your appeal should tell us all reasons and provide all evidence in support of your complaint or appeal unless that evidence is already in our possession.

The request for a first or second level appeal should include:

- the member's name, identification number and group number
- the actual service for which coverage was denied
- a copy of the denial letter and/or denied claim
- the reason why you or your attending health care provider believe coverage for the service should be provided
- any available medical information to support your reasons for reversing the denial
- any other information you believe will be helpful to the decision maker

Blue Cross will notify you within 10 business days that we have received your written complaint or appeal.

Blue Cross has two different processes to resolve appeals: one for appeals that do not require a medical determination: and one for appeals that do require a medical determination. You are required to submit a first level appeal before you can exercise any other rights to appeal or other review. There is an exception for cases that qualify for an expedited appeal. For those cases, you may seek external review at the same time you request an expedited first level appeal.

Written Complaints and First Level Appeals that do not Require a Medical Determination

We will inform you of our decision and the reasons for the decision within 30 days of receiving your complaint or appeal and all necessary information. If we are unable to make a decision within 30 days due to circumstances outside our control, we may take up to 14 additional days to make a decision. If we take more than 30 days to make a decision, we will inform you of the reasons for the extension. You have the right to request copies of the information that we relied on during this review.

First Level Appeals that Require a Medical Determination

The "Health Care Management" section explains the prior authorization and admission notification processes. If we deny your request for benefits through one of these processes or you receive a claim denial, the denial will describe the process for initiating an appeal. You or your attending health care provider may appeal Blue Cross' initial determination to not authorize services in writing or by telephone.

You or your authorized representative may appeal after services have been provided when a decision is wholly or partially adverse to you.

The decision on the first level appeal will be made by a health care provider who did not make the initial determination. You have the right to request copies of the information relied on in making the initial determination.

Standard First Level Appeal

We will notify you and your attending health care provider of our decision within 15 days of receipt of your appeal. If we are unable to make a decision within 15 days due to circumstances outside our control, we may take up to four additional days to make a decision. If we take more than 15 days to make a decision, we will inform you of the reasons for the extension.

Expedited First Level Appeal

When Blue Cross' initial determination to not authorize a health care service is made prior to or during an ongoing service requiring review and the attending health care provider believes that an expedited appeal is warranted, you and your attending health care provider may request an expedited appeal. Our appeal staff will engage the consulting physician or health care provider if reasonably available.

When an expedited appeal is completed, we will notify you and your attending health care provider of the decision as expeditiously as your medical condition requires, but no later than 72 hours from our receipt of the expedited appeal request. If we decline to reverse our initial determination, you will be notified of your right to submit the appeal according to the external review process described below.

Second Level Appeal

You may appeal our final decision through External Review. Alternatively, you may voluntarily appeal to our internal appeals committee before seeking External Review.

If you appeal to our internal appeals committee, you may either have the appeal decided solely on the written submission or you may request a hearing in addition to your written submission. You will receive continued coverage pending the outcome of this process. You may request a form to include all the information necessary for your appeal.

You may present evidence in the form of written correspondence, including explanations or other information from you, staff persons, administrators, providers, or other persons. If your appeal is decided solely on the written submissions, you may also present testimony by telephone to a Blue Cross appeal liaison.

During the course of our review, we will provide you with any new evidence that we consider or rely upon, as well as any new rationale for a decision. If our decision is wholly or partially adverse to you, the denial notice will advise you of how to submit the decision to External Review as described below. Upon request, we will provide you a complete summary of the appeal decision.

Within 30 days of receiving your second level appeal and all necessary information, we will notify you in writing of our decision and the reasons for the decision.

If you request a hearing, you or any person you choose may present testimony or other information. We will provide you written notice of our decision and all key findings within 45 days after we receive your written request for a hearing.

External Review

You must exhaust your first level appeals option prior to requesting external review unless:

1. Blue Cross waives the exhaustion requirement in writing;
2. Blue Cross substantially fails to comply with required procedures; or
3. you qualified for and applied for an expedited first level appeal of a medical determination and applied for an expedited external review at the same time.

You or anyone you authorize to act on your behalf may submit the appeal to external review. You must request external review within six months from the date of the adverse determination. External review of your appeal will be conducted by an independent organization under contract with the state of Minnesota.

The written request must be submitted to the Minnesota Commissioner of Commerce at the address below. Blue Cross is responsible for costs of this review.

Minnesota Department of Commerce
Attention: Consumer Concerns/Market Assurance Division
85 7th Place East, Suite 280
St. Paul, MN 55101-2198
(651) 539-1600 or toll free 1-800-657-3602

The external review entity will send written notice of its decision to you, Blue Cross, and the Commissioner within 45 days of receiving the request for external review.

The external review entity must make its expedited determination to uphold or reverse the adverse benefit determination as expeditiously as possible but no more than 72 hours after receipt of the request for expedited review and notify you and Blue Cross of the determination.

The external review entity's decision is binding on Blue Cross, but not binding on you.

General Information

Entire Contract

This benefit booklet, including the endorsements and the attached papers if any, the employer application, the employee enrollment form, and the group contract issued to the group contractholder make up the entire contract of coverage. The master group contract is available for your inspection at your group contractholder's office. Your group contractholder is the plan administrator for your health plan. All statements made by the creditor, employer, trustee, or any executive officer or trustee on behalf of the group to be insured, shall in the absence of fraud, be deemed representations and not warranties, and that no such statement shall be used in defense to a claim under the contract, unless it is contained in the written application. This benefit booklet is issued and delivered in the state of Minnesota. It is subject to the substantive laws of the state of Minnesota, without regard to its choice of law principles; and it is not subject to the substantive laws of any other state.

Time Periods

When the time of day is important for benefits or determining when coverage starts and ends, a day begins at 12 a.m. United States Central Time and ends at 12 a.m. United States Central Time the following day.

Carrier Replacement

If you were covered under a fully insured health plan prior to the effective date of this health plan, the Minnesota Carrier Replacement law applies. Under the Minnesota Carrier Replacement law, you cannot be denied benefits solely because there has been a change in the carrier providing coverage to the group contractholder's group.

If you are inpatient on the effective date of this coverage, the prior carrier is responsible for all eligible expenses until your final discharge from the inpatient facility provider or until contract maximums have been met.

In applying any deductible or waiting period, this health plan gives credit for the full or partial satisfaction of the same or similar provisions under the prior contract.

Time Limit for Misstatements

If there is any misstatement in the written application that the group contractholder or you complete, we cannot use the misstatement to cancel coverage that has been in effect for, or deny a claim incurred on a date that is on or after, two years or more from the initial date of coverage issued as a result of that application. This time limit does not apply to fraudulent misstatements.

Changes to the Contract

The group contractholder reserves the power at any time and from time to time (and retroactively, if necessary or appropriate to meet the requirements of the code or ERISA) to modify or amend, in whole or in part, any or all provisions of the health plan, provided, however that no modification or amendment shall divest an employee of a right to those benefits to which he or she has become entitled under the health plan. The group contractholder may add/change eligible classes of employees from time to time, and such changes will be noted in the group contract. Any amendment to this health plan may be affected by a written resolution adopted by the plan administrator. Blue Cross will communicate any adopted changes to the group contractholder.

All changes to the group contract must be approved in writing by one of our executive officers and attached to the group contract with the group contractholder. No agent can legally change the group contract or waive any of its terms.

Contract Interpretation

We have discretionary authority to determine your eligibility for benefits and to construe the provisions of the group contract and this benefit booklet.

Legal Actions

No action at law or in equity shall be brought to recover on this health plan prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this health plan found in "How to File a Claim." No legal action may be brought after the expiration of three years after the time written proof of loss is required to be furnished.

Third-Party Payments of Premium and/or Cost-Sharing

As required by law, Blue Cross will accept premium and cost-sharing payments made on behalf of enrollees by the following persons/entities:

1. the Ryan White HIV/AIDS Program;
2. other Federal and State government programs (or grantees) that provide premium and cost-sharing support for specific individuals;
3. American Indian tribes, tribal organizations, and Urban Indian Organizations; and
4. employers using a Health Reimbursement Arrangement (HRA) are permitted, to the extent such payments are lawfully funded through an HRA that constitutes a group health plan under applicable regulations, which have not been enjoined by a court of competent jurisdiction. This is known as an Individual Coverage Health Reimbursement Arrangement (ICHRA).

Blue Cross may, in its sole discretion and in accordance with applicable law and regulatory guidance, decline to accept premium and cost-sharing payments made directly or indirectly* by any other person or entity from which Blue Cross is not required by law to accept third-party premium and/or cost-sharing payments.

"Payments" include those made by any means, for example:

- cash,
- check,
- money order,
- credit card payment, or
- electronic fund transfer, etc.

Third parties not listed above (or from whom Blue Cross is not required by law to accept third-party payment) are referred to as "ineligible third-parties."

For purposes of clarity, but not limitation, commercial (or for-profit) entities, hospitals, and other health care providers (including, without limitation, suppliers) are ineligible third parties. Religious institutions and other not-for-profit organizations may also be considered ineligible third parties.

Any cost-sharing paid by ineligible third parties will not be counted toward an enrollee's deductible or out-of-pocket limit. "Cost-sharing" includes payments such as deductibles, copays, and coinsurance. Blue Cross may make retroactive adjustments to account for any payments made by ineligible third parties.

You are required to immediately notify Blue Cross of any change in your (or your dependent(s)) information submitted in connection with the application for coverage or otherwise provided with respect to any third-party payment.

Any person or entity that violates these restrictions and/or makes any ineligible third-party payment described above will be held responsible for and will be required to reimburse Blue Cross for all costs associated with the relevant plan or policy related to the violation or ineligible payment.

Blue Cross maintains sole discretion with respect to its acceptance of third-party payments. Blue Cross may make changes to its administration of same at any time and as otherwise needed to support compliance with law and/or applicable regulatory guidance.

If you have questions about this third-party payment policy or whether Blue Cross will accept premium and/or cost-sharing payments made by a specific person or entity, call Customer Service at the telephone number on the back of your ID card.

*Indirect payments include, for example, an ineligible third-party making a check out to or otherwise paying the enrollee to permit the enrollee to pay amounts due to Blue Cross.

No Third-Party Beneficiaries

The benefits described in this plan are intended solely for the benefit of you and your covered dependents. No one else may claim to be an intended or third-party beneficiary of this plan. No one other than you or your dependent may bring a lawsuit, claim or any other cause of action related in any way to this plan, and you may not assign your rights to any other person.

Good Faith Estimate of Service Costs

Blue Cross, at your request, will provide a good faith estimate of what a health care service will cost you. When you intend to receive a specific health care service and call Blue Cross for information about how much the service will cost, we will provide a good faith estimate of the allowed amount and your out-of-pocket cost for that service. The good faith estimate applies only to Minnesota resident members and Minnesota providers. The estimate is not legally binding on Blue Cross. We will provide the good faith estimate within 10 business days of receiving all information necessary to provide the estimate.

Payments Made in Error

Payments made in error or overpayments may be recovered by Blue Cross as provided by law or equity. This includes the right to recoup from any future benefits to be paid to or on behalf of you or your eligible dependents. Payment made for a specific service or erroneous payment shall not make Blue Cross or the group contractholder liable for further payment for the same service.

Your claims may be reprocessed due to errors in the allowed amount relating to in-network provider, out-of-network participating provider, or nonparticipating provider services. Claim reprocessing may result in changes to the amount paid at the time your claim was originally processed.

Liability for Health Care Expenses

Drug manufacturer coupons will count toward your coinsurance, copay, deductible, and/or out-of-pocket limit.

Medicare End Stage Renal Disease Program Registration

For members diagnosed with end stage renal disease (ESRD), your provider is required to complete the Centers for Medicare and Medicaid Services (CMS) form CMS-2728-U3 ESRD Medical Evidence Report Medicare Entitlement and/or Patient Registration. Your provider must send the completed form to CMS and Blue Cross. Please verify with your provider that form CMS-2728-U3 has been completed and submitted.

Terms You Should Know

90dayRx – Participating 90dayRx home delivery and retail pharmacies used for the dispensing of a supply of long-term prescription drug refills.

Accountable Care Organization (ACO) – A group of physicians, hospitals, and other health care providers that accept a shared responsibility to deliver a broad set of medical services to a defined set of patients.

Admission – A period of one or more days and nights while you occupy a bed and receive inpatient care in a facility.

Adverse Benefit Determination – A decision relating to a health care service or claim that is partially or wholly adverse to the complainant. This includes:

- a decision relating to coverage of nonparticipating provider services as described in "Special Circumstances."
- a determination for health care services that is less intensive than the service specified in the original prior authorization request.

Aftercare/Continuing Care Services – The stage following discharge, when the patient no longer requires services at the intensity required during primary treatment.

Allowed Amount – The amount that payment is based on for a given covered service of a specific provider. The allowed amount may vary from one provider to another for the same service. All benefits are based on the allowed amount, except as provided in "Benefit Overview." The allowed amount may include the provider's applicable taxes, for example, the MinnesotaCare Tax.

The Allowed Amount for Participating Providers

For participating providers, the allowed amount is the negotiated amount of payment that the network provider has agreed to accept as full payment for a covered service at the time your claim is processed. We periodically may adjust the negotiated amount of payment at the time your claim is processed for covered services at network providers as a result of expected settlements or other factors. The negotiated amount of payment with network providers for certain covered services may not be based on a specified charge for each service. Through annual or other global settlements, which may include an agreed upon fee schedule rate, case rate, withhold and or/capitation agreements, rebates, prospective payments or other methods, we may adjust the amount due to network providers without reprocessing individual claims. These annual or other global adjustments will not cause any change in the amount you paid at the time your claim was processed. If the payment to the provider is decreased, the amount of the decrease is credited to us, and the percentage of the allowed amount paid by us is lower than the stated percentage for the covered service. If the payment to the provider is increased, we pay that cost on your behalf, and the percentage of the allowed amount paid is higher than the stated percentage.

The Allowed Amount for All Nonparticipating Providers

For nonparticipating providers, the allowed amount may also be determined by the provider type, provider location, and the availability of certain pricing methods. The allowed amount may not be based upon or related to a usual, customary or reasonable charge. Blue Cross will pay the stated percentage of the allowed amount for a covered service. In most cases, Blue Cross will pay this amount to you. The determination of the allowed amount is subject to all business rules as defined in our Provider Policy and Procedure Manual. As a result, we may bundle services, take multiple procedure discounts and/or other reductions as a result of the procedures performed and billed on the claim. No fee schedule amounts include any applicable tax.

The Allowed Amount for Nonparticipating Providers in Minnesota

For nonparticipating provider services within Minnesota, except those described in "Special Circumstances," the allowed amount will be based upon one of the following payment options to be determined at Blue Cross' discretion: (1) a percentage, not less than 100%, of the Medicare allowed charge for the same or similar service; (2) a percentage of billed charges; (3) provider reimbursement databases, median costs from a benchmark of like claims, or fee negotiations; or, (4) as may be required by federal law. The payment option selected by Blue Cross may result in an allowed amount that is a lower amount than if calculated by another payment option. When the Medicare allowed charge is not available, the pricing method may also be determined by factors such as type of service, place of service, reason for care, and type of provider at the point the claim is received by Blue Cross.

The Allowed Amount for Nonparticipating Provider Services Outside Minnesota

For nonparticipating provider physician or clinic services outside of Minnesota, except those described in "Special Circumstances", the allowed amount will be based upon one of the following payment options to be determined at Blue Cross' discretion: (1) a percentage, not less than 100%, of the Medicare allowed charge for the same or similar service; (2) a percentage of billed charges; (3) pricing determined by another Blue Cross or Blue Shield plan; (4) provider reimbursement databases, median costs from a benchmark of like claims, or fee negotiations; or, (5) as may be required by federal law. The payment option selected by Blue Cross may result in an allowed amount that is a lower amount than if calculated by another payment option. When the Medicare allowed charge is not available, the pricing method may also be determined by factors such as type of service, place of service, reason for care, and type of provider at the point the claim is received by Blue Cross.

Appeal – Any grievance that is not the subject of litigation concerning any aspect of the provision of health services under this benefit booklet. If the appeal is from an applicant, the appeal must relate to the application. If the appeal is from a former member, the appeal must relate to the provision of health services during the period of time the individual was a member. Any appeal that requires a medical determination in its resolution must have the medical determination aspect of the appeal processed under the utilization review process for appeals that require a medical determination.

Applied Behavioral Analysis – The design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior or to prevent loss of attained skill or function, including the use of direct observation, measurement, and functional analysis of the relations between environment and behavior.

Approved Clinical Trial – An approved phase I, phase II, phase III or phase IV clinical trial conducted to prevent, detect or treat cancer or a life-threatening condition and is not designed solely to test toxicity or disease pathophysiology. To be an approved clinical trial, it must be: (i) conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration; (ii) exempt from obtaining an investigational new drug application; or (iii) approved or funded by certain government entities and their partners, or nongovernment entities operating under government guidelines.

Artificial Insemination (AI) – A procedure in which semen is placed in a vagina, cervix, or uterus.

Assisted Reproductive Technology (ART) – Treatments or procedures that are done to start a pregnancy. This may include handling eggs and sperm or embryos.

Attending Health Care Provider – A health care provider with primary responsibility for the care provided to a sick or injured person.

Autism Spectrum Disorders – Any of the pervasive developmental disorders defined by the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders*, or its successor, including autistic disorder, Asperger's disorder and pervasive developmental disorder not otherwise specified.

Biological Products – Products that are regulated by the Food and Drug Administration (FDA) and are made from living organisms through highly complex manufacturing processes and must be handled and administered under carefully monitored conditions. There are a wide variety of biological products such as drugs, gene and cellular therapies, and vaccines.

Biosimilars – Products that are regulated by the Food and Drug Administration (FDA) and are highly similar to the reference biological brand name product in terms of safety, purity and potency, but may have minor differences in clinically inactive components.

BlueCard Program – A Blue Cross and Blue Shield program which allows you to access covered health care services while traveling outside of your service area. You must use in-network providers of a Host Blue and show your member ID card to secure BlueCard Program access.

Board-Certified – A designation given to those physicians who, after meeting strict standards of knowledge and practices, are certified by the professional board representing their specialty.

Brand Drug – A recognized trade name prescription drug product, usually either the innovator product for new prescription drugs still under patent protection or a more expensive product marketed under a brand name for multi-source prescription drugs and noted as such in the pharmacy database used by Blue Cross.

Calendar Year – The period starting on January 1st of each year and ending at midnight December 31st of that year.

Care/Case Management Plan – A plan for health care services developed for a specific patient by one of our care/case managers after an assessment of the patient's condition in collaboration with the patient and the patient's health care team. The plan sets forth both the immediate and the ongoing skilled health care needs of the patient to sustain or achieve optimal health status.

Care Coordination – Organized, information-driven patient care activities intended to facilitate the appropriate responses to your health care needs across the continuum of care.

Cellular Therapy – The transfer of cells into a person with the goal of improving a disease. Gene modified cell therapy removes the cells from a person's body and alters the genetic material of the cell. The modified cells are then reintroduced into the body.

Chronic Condition – Any physical or mental condition that requires long-term monitoring and/or management to control symptoms and to shape the course of the disease.

Claim – A request for prior approval of a covered service or for the payment or reimbursement of the charges or costs associated with a covered service. Claims include:

- **pre-service claim** – A request for prior approval of a covered service which under the terms of your coverage must be approved before you receive the covered service.
- **urgent care claim** – A pre-service claim which, if decided within the time periods established for making non-urgent care pre-service claim decisions, could seriously jeopardize your life, health or ability to regain maximum function or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the service. Whether a request involves an urgent care claim will be determined by your attending health care provider.
- **post-service claim** – A request for payment or reimbursement of the charges or costs associated with a covered service that you have received.

Claims Administrator – Blue Cross and Blue Shield of Minnesota (Blue Cross).

Coinsurance – The percentage of the allowed amount you must pay for certain covered services after you have paid any applicable deductibles and copays until you reach your out-of-pocket limits. For covered services from participating providers, coinsurance is calculated based on the lesser of the allowed amount or the billed charge. Because payment amounts are negotiated to achieve overall lower costs, the allowed amount for participating providers is generally, lower than the billed charge. However, the amount used to calculate your coinsurance will not exceed the billed charge. When your coinsurance is calculated on the billed charge rather than the allowed amount for participating providers, the percentage of the allowed amount paid by us will be greater than the stated percentage.

For covered services from nonparticipating providers, coinsurance is calculated based on the allowed amount. In addition, you are responsible for any excess charge over the allowed amount.

Your coinsurance and deductible amount will be based on the negotiated payment amount we have established with the provider or the provider's charge, whichever is less. The negotiated payment amount includes discounts that are known and can be calculated when the claim is processed. In some cases, after a claim is processed, that negotiated payment amount may be adjusted at a later time if the agreement with the provider so provides. Coinsurance calculation will not be changed by such subsequent adjustments or any other subsequent reimbursements we may receive from other parties.

Coinsurance Example:

You are responsible for payment of any applicable coinsurance amounts for covered services. The following is an example of how coinsurance would work for a typical claim:

For instance, when Blue Cross pays 80% of the allowed amount for a covered service, you are responsible for the coinsurance, which is 20% of the allowed amount. In addition, you would be responsible for any excess charge over our allowed amount when a nonparticipating provider is used. For example, if a nonparticipating provider ordinarily charges \$100 for a service, but our allowed amount is \$95, Blue Cross will pay 80% of the allowed amount (\$76). You must pay the 20% coinsurance on the Blue Cross allowed amount (\$19), plus the difference between the billed charge and the allowed amount (\$5), for a total responsibility of \$24.

Remember, if participating providers are used, your share of the covered charges (after meeting any deductibles) is limited to the stated coinsurance amounts based on the Blue Cross allowed amount. If nonparticipating providers are used, your out-of-pocket costs will be higher as shown in the example above.

Compound Drug – A prescription where two or more drugs are mixed together. All of these drugs must be FDA-approved. The end product must not be available in an equivalent commercial form. A prescription will not be considered as a compound prescription if it is reconstituted or if, to the active ingredient, only water or sodium chloride solutions are added. The compound drug must also be FDA-approved for use in the condition being treated and in the dosage form being dispensed.

Copay – The dollar amount you must pay for certain covered services. The "Benefit Overview" lists the copays and services that require copays. A negotiated payment amount with the provider for a service requiring a copay will not change the dollar amount of the copay.

Cosmetic Services – Surgery and other services performed primarily to enhance or otherwise alter physical appearance without correcting or improving a physiological function.

Covered Drug List – The designated covered drug list for this plan is a list of Food & Drug Administration (FDA) approved prescription drugs selected for their quality, safety, and effectiveness. It includes products in every major therapeutic category. The list was developed by the Blue Cross Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians and may, from time to time, be revised by the committee. For a list of drugs on your covered drug list log in at bluecrossmn.com or call Customer Service at the telephone number on the back of your ID card.

Covered Services – A health service or supply that is eligible for benefits when performed and billed by an eligible provider. You incur a charge on the date a service is received or a supply or a drug is purchased.

Custodial Care – Care provided primarily for maintenance of the member or which is designed essentially to assist the member in meeting activities of daily living and which is not primarily provided for its therapeutic value in the treatment of an illness, disease, bodily injury, or condition.

Cycle – One partial or complete fertilization attempt extending through the implantation phase only.

Day Treatment – Behavioral health services that may include a combination of group and individual therapy or counseling for a minimum of three hours per day, three to five days per week.

Deductible – The deductible is a specified dollar amount you must pay for most covered services each calendar year before the health plan begins to provide payment for benefits. Services such as prenatal care, pediatric preventive care, and primary network preventive care services for adults are not subject to the deductible. Please refer to "Benefit Overview" for the deductible amount.

Dental Implant – Metal, screwlike posts surgically inserted in the jawbone to replace damaged or missing teeth with artificial teeth that look and function like real ones.

Dependent – Your spouse, child to the dependent child age limit provided in "Who is Eligible for Coverage", child whom you or your spouse have adopted or been appointed legal guardian to the dependent child age limit specified in "Who is Eligible for Coverage," grandchild who meets the eligibility requirements as defined in "Who is Eligible for Coverage" to the dependent child age limit specified in "Who is Eligible for Coverage," disabled dependent or dependent child as defined in "Who is Eligible for Coverage," or any other person whom state or federal law requires be treated as a dependent under this health coverage.

Designated Agent – An entity that has contracted, either directly or indirectly, with Blue Cross to perform a function and/or service in the administration of this health plan. Such function and/or service may include, but is not limited to, medical management and provider referral.

Diabetes self-management education (DSME) is the process of facilitating the knowledge, skill, and ability necessary for diabetes self-care. Diabetes self-management support (DSMS) refers to the support that is required for implementing and sustaining coping skills and behaviors needed to self-manage on an ongoing basis. The overall objectives are to support informed decision making, self-care behaviors, problem solving, and active collaboration with the health care team and to improve clinical outcomes, health status, and quality of life. Support can be behavioral, educational, psychosocial, or clinical. DSMEs will be provided by one or more instructors. The instructors will have recent educational and experiential preparation in education and diabetes management or will be a certified diabetes educator. The instructor(s) will obtain regular continuing education in the field of diabetes management and education. At least one of the instructors will be a registered nurse, dietitian, or pharmacist. DSMEs must be consistent with the National Standards for Diabetes Self-Management Education.

Durable Medical Equipment – Medical equipment prescribed by a physician that meets each of the following requirements:

1. able to withstand repeated use;
2. used primarily for a medical purpose;
3. generally not useful in the absence of illness or injury;
4. determined to be reasonable and necessary; and
5. represents the most cost-effective alternative.

Emergency Hold – Admissions that qualify as “emergency holds,” as the term is defined in Minnesota statutes, are considered medically necessary and appropriate for the entire hold.

Enrollment Date – The first day of coverage, or if there is a waiting period, the first day of the waiting period (typically the date employment begins).

E-Visit – A patient-initiated, limited, written online evaluation and management service provided by a health care provider to communicate with an established patient. E-visits are not real-time interactions with a health care provider.

Experimental/Investigative – The use of any treatment, service, procedure, facility, equipment, prescription drug, device or supply (intervention) which is not determined by Blue Cross to be medically effective for the condition being treated. Blue Cross will consider an intervention to be experimental/investigative if: the intervention does not have Food and Drug Administration (FDA) approval to be marketed for the specific relevant indication(s); or available scientific evidence does not permit conclusions concerning the effect of the intervention on health outcomes; or the intervention is not proven to be as safe and as effective in achieving an outcome equal to or exceeding the outcome of alternative therapies; or the intervention does not improve health outcomes; or the intervention is not proven to be applicable outside the research setting. If an intervention, as defined above, is determined to be experimental/investigative at the time of the service, it will not receive retroactive coverage, even if it is found to be in accordance with the above criteria at a later date. Medical researchers constantly experiment with new medical equipment, prescription drugs and other technologies. In turn, health plans must evaluate these technologies. Blue Cross believes that decisions for evaluating new technologies, as well as new applications of existing technologies, for medical and behavioral health procedures, pharmaceuticals and devices should be made by medical professionals. Certain routine patient costs for participation in an approved clinical trial will not be considered experimental/investigative. Routine patient costs include items and services that would be covered if the member was not enrolled in an approved clinical trial.

Extended Hours Skilled Nursing Care (Home Care or Private Duty Nursing) – Extended hours home care are continuous and complex skilled nursing services greater than two consecutive hours per date of service in the member's home. Extended hours skilled nursing care services provide complex, direct, skilled nursing care to develop caregiver competencies through training and education to optimize the member's health status and outcomes. The frequency of the nursing tasks is continuous and temporary in nature and is not intended to be provided on a permanent, ongoing basis.

Facility – A hospital, skilled nursing facility, residential behavioral health treatment facility, or outpatient behavioral health treatment facility licensed under state law in the state in which it is located to provide the health services billed by that facility. Facility may also include a licensed home infusion therapy provider, free-standing ambulatory surgery center, a home health agency, or free-standing birthing center when services are billed on a facility claim.

Foot Orthoses – Appliances or devices used to stabilize, support, align, or immobilize the foot in order to prevent deformity, protect against injury, or assist with function. Foot orthoses generally refer to orthopedic shoes, and devices or inserts that are placed in shoes including heel wedges and arch supports. Foot orthoses are used to decrease pain, increase function, correct some foot deformities, and provide shock absorption to the foot. Orthoses can be classified as pre-fabricated or custom-made. A pre-fabricated orthosis is manufactured in quantity and not designed for a specific member. A custom-fitted orthosis is specifically made for an individual member.

Free-standing Ambulatory Surgery Center – A free-standing facility that is not part of a hospital and performs medical and surgical services on an outpatient basis.

Gender Affirming Care – Medical, surgical, counseling, and/or telehealth services, legal under Minnesota State Law, that an individual may receive to support and affirm that individual's gender identity or gender expression.

Gene Therapy – The introduction, removal, or change in the content of a person's genetic material with the goal of treating or curing a disease. It includes therapies such as gene transfer, gene modified cell therapy, and gene editing.

Generic Drug – A prescription drug that is available from more than one manufacturing source and accepted by the FDA as a substitute for those products having the same active ingredients as a brand drug and listed in the FDA "Approved Drug Products with Therapeutic Equivalence Evaluations," otherwise known as the Orangebook, and noted as such in the pharmacy database used by Blue Cross.

Group Contractholder – The employer or association to which the group contract is issued.

Group Member – The employee for whom coverage has been provided by the group contractholder or association.

Habilitative Services – Services, including devices, that are expected to make measurable or sustainable improvement within a reasonable period of time and assist a member to attain, maintain, or improve daily living skills or functions never learned or acquired due to a disabling condition.

Halfway House – Specialized residences for individuals who no longer require the complete facilities of a hospital or institution but are not yet prepared to return to independent living.

Health Care Provider – A health care provider, licensed for independent practice, certified or otherwise qualified under state law, in the state in which the services are rendered, to provide the health services billed by that health care provider. Health care provider include physicians; chiropractors; mental health professionals; advanced practice nurses; physician assistants; pharmacists; audiologists; physical, speech, and occupational therapists; licensed nutritionists; licensed registered dietitians; licensed acupuncture practitioners; and supervised employees.

Home Delivery Pharmacy - A pharmacy that dispenses prescription drugs through a home delivery option.

Home Health Agency – A preapproved facility that sends health care providers and home health aides into a person's home to provide health services.

Hospice Care – A coordinated set of services provided at home or in an inpatient hospital setting for covered individuals diagnosed with a terminal disease or condition.

Hospital – A facility that provides diagnostic, therapeutic and surgical services to sick and injured persons on an inpatient or outpatient basis. Such services are performed by or under the direction of a staff of licensed Doctor of Medicine (MD), or osteopathy (DO). A hospital provides 24 hour-a-day professional registered nursing (RN) services.

Host Blue – A Blue Cross and/or Blue Shield licensee, outside of Minnesota, that has contractual relationships with providers in its designated service area that delivers the benefit of its arrangements with its local and ancillary providers eligible for Inter-Plan Programs, on behalf of Control/Home Licensee Members who incur claims within its service area.

Illness – A sickness, injury, pregnancy, mental illness, substance use disorder, or condition involving a physical disorder.

Immediate Family – Your spouse, child, stepchild, parent, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law, grandchild, grandparent, stepparent, stepbrother or stepsister.

In-Network Provider – A provider that has entered into a specific network contract with us for this plan, or with the local Blue Plan.

Inpatient Care – Care that provides 24-hour-a-day professional registered nursing (RN) services for short-term medical and behavioral health services in a hospital setting.

Intensive Outpatient Programs (IOPs) – A behavioral health care service setting that provides structured, multidisciplinary diagnostic and therapeutic services. IOPs operate at least three hours per day, three days per week. Substance use disorder treatment is typically provided in an IOP setting. Some IOPs provide treatment for mental health disorders.

Intrauterine Insemination (IUI) – A specific method of artificial insemination in which semen is introduced directly into the uterus.

Lifetime Maximum – The cumulative maximum payable for covered services incurred by a member during their lifetime or by each covered dependent during their lifetime under all health plans with the group contractholder. The lifetime maximum does not include amounts which are the member's responsibility, such as deductibles, coinsurance, copays, and other amounts. Refer to "Benefit Overview" for specific dollar maximums on certain services

Maintenance Services – Services that are neither habilitative nor rehabilitative that are not expected to make measurable or sustainable improvement within a reasonable period of time.

Marriage/Couples Counseling – Behavioral health care services for the primary purpose of working through relationship issues.

Marriage/Couples Training – Services for the primary purpose of relationship enhancement including, but not limited to: premarital education; or marriage/couples retreats, encounters, or seminars.

Medical Emergency – Medically necessary and appropriate care manifesting itself by acute symptoms of sufficient severity, including severe pain, such that a reasonable layperson believes is immediately necessary to preserve life, prevent serious impairment to bodily functions, organs, or parts, or prevent placing the physical or mental health of the member in serious jeopardy.

Medically Necessary and Appropriate (Medical Necessity and Appropriateness) – Services that a provider, exercising prudent clinical judgment and nondiscriminatory determinations, would provide to a member for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are: (i) in accordance with generally accepted standards of medical practice; and (ii) clinically appropriate, in terms of type, frequency, extent,

site and duration, and considered effective for the member's illness, injury or disease; and (iii) not primarily for the convenience of the member, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that member's illness, injury or disease. The claims administrator reserves the right, utilizing the criteria set forth in this definition, to render the final determination as to whether a service, supply or covered medication is medically necessary and appropriate. No benefits will be provided unless the claims administrator determines that the service, supply or covered medication is medically necessary and appropriate.

With respect to mental health care services: services appropriate, in terms of type, frequency, level, setting, and duration, to the member's diagnosis or condition, and diagnostic testing and preventive services. Medically necessary and appropriate care must be consistent with generally accepted practice parameters as determined by health care providers in the same or similar general specialty as typically manages the condition, procedure, or treatment at issue and must:

1. help restore or maintain the member's health, or
2. prevent deterioration of the member's condition.

Medicare – A federal health insurance program established under Title XVIII of the Social Security Act. Medicare is a program for people age 65 or older; some people with disabilities under age 65; and people with end-stage renal disease. The program includes Part A, Part B, and Part D. Part A generally covers some costs of inpatient care in hospitals and skilled nursing facilities. Part B generally covers some costs of physician, medical, and other services. Part D generally covers outpatient prescription drugs defined as those drugs covered under the Medicaid program plus insulin, insulin-related supplies, certain vaccines, and smoking cessation agents. Medicare Parts A, B, and D do not pay the entire cost of services and are subject to cost-sharing requirements and certain benefit limitations.

Mental Illness – A mental disorder as defined in the *International Classification of Diseases (ICD)* and *Diagnostic and Statistical Manual for Mental Disorders (DSM)*.

Nonparticipating Provider – A provider who has not entered into a network contract with us or the local Blue Cross and/or Blue Shield plan.

Opioid Treatment – Treatment that uses medication assisted treatment (MAT) to control withdrawal symptoms of opioid addiction.

Out-of-Network Participating Provider – Providers who have a contract with us or the local Blue Cross and/or Blue Shield plan (participating providers), but are not in-network providers because the contract is not specific to this plan.

Out-of-Pocket Limit – The out-of-pocket limit refers to the specified dollar amount of member cost-sharing incurred for covered services in a calendar year. When the specified dollar amount is attained, Blue Cross begins to pay 100% of the allowed amount for all covered expenses. Please refer to "Benefit Overview" for the out-of-pocket limit.

Outpatient Behavioral Health Treatment Facility – A facility that provides outpatient treatment by, or under the direction of, a licensed mental health professional for mental health disorders, or a licensed substance use professional for substance use disorders.

Outpatient Care – Services received without being admitted for an inpatient stay. Services received at an ambulatory surgery center are considered outpatient care.

Partial Hospitalization – The provision of medical, nursing, counseling or therapeutic mental health care services or substance use disorder services on a planned and regularly scheduled basis in a facility provider designed for a member or client who would benefit from more intensive services than are generally offered through outpatient treatment but who does not require inpatient care.

Partial Programs – An intensive, structured behavioral health care setting that provides medically supervised diagnostic and therapeutic services. Partial programs operate five to six hours per day, five days per week although some patients may not require daily attendance.

Participating Pharmacy – A pharmaceutical provider that participates in a network for the dispensing of prescription drugs.

Participating Provider – A provider who has entered into either a specific network contract or a general broader network contract with us or the local Blue Cross and/or Blue Shield plan.

Physician – A doctor of medicine (MD), osteopathy (DO), dental surgery (DDS), medical dentistry (DMD), podiatric medicine (DPM), or optometry (OD) practicing within the scope of their license.

Place of Service – Clinic and hospital providers submit claims using national standards established by the Centers for Medicare & Medicaid Services (CMS) and state guidelines. The benefit paid for a service is based on provider billing and the place of service. For example, the benefits for diagnostic imaging performed in a physician's office may be different than diagnostic imaging delivered in an outpatient facility setting.

Participating Pharmacy – A pharmaceutical provider that participates in a network for the dispensing of prescription drugs.

Participating Provider – A provider who has entered into either a specific network contract or a general broader network contract with us or the local Blue Cross and/or Blue Shield plan.

Physician – A doctor of medicine (MD), osteopathy (DO), dental surgery (DDS), medical dentistry (DMD), podiatric medicine (DPM), or optometry (OD) practicing within the scope of their license.

Place of Service – Clinic and hospital providers submit claims using national standards established by the Centers for Medicare & Medicaid Services (CMS) and state guidelines. The benefit paid for a service is based on provider billing and the place of service. For example, the benefits for diagnostic imaging performed in a physician's office may be different than diagnostic imaging delivered in an outpatient facility setting.

Plan – Refers to Blue Cross, which is an independent licensee of the Blue Cross and Blue Shield Association. Any reference to the plan may also include its designated agent whom the plan has contracted, either directly or indirectly, to perform a function or service in the administration of this health plan.

Plan Year – A 12-month period which begins on the effective date of the plan and each succeeding 12-month period thereafter.

Prescription Drugs – Drugs that are required by federal law to be dispensed only by prescription of a health care provider who is authorized by law to prescribe the drug.

Provider – A health care provider or facility licensed, certified, or otherwise qualified under state law, in the state in which the services are rendered, to provide the health services billed by that provider. Provider also includes home infusion therapy providers, pharmacies, medical supply companies, independent laboratories, and ambulances.

Rapid Whole Genome Sequencing (rWGS) - The investigation of the entire human genome, including coding and noncoding regions and mitochondrial deoxyribonucleic acid, to identify disease-causing genetic changes that returns the final results in 14 days. Rapid whole genome sequencing includes patient-only whole genome sequencing and duo and trio whole genome sequencing of the patient and the patient's biological parent or parents.

Rare Disease – a disease or condition that:

1. is chronic, serious, life-altering or life-threatening affecting fewer than 200,000 people in the United States;
2. affects more than 200,000 people in the United States. for which there is a drug that has been designated as a drug for a rare disease or condition pursuant to federal law; and
3. is included on the Genetic and Rare Diseases Information Center list created by the National Institutes of Health or for member or dependent with inconclusive or conflicting lab or clinical test results, had had at least two clinical consultations for the specific complaint, and documentation in their medical record of a developmental delay, developmental regression, failure to thrive, or progressive multisystemic involvement.

A disease or condition that has widely available and known protocols for diagnosis and treatment that is commonly treated in a primary care setting is not a rare disease even if it affects fewer than 200,000 people in the United States.

Rehabilitative Services – Services, including devices, that are expected to make measurable or sustainable improvement within a reasonable period of time and assist a member to regain, maintain, or prevent deterioration of daily living skills or functions acquired but then lost or impaired due to an illness, injury, or disabling condition.

Rescission – A cancellation or discontinuation of coverage under the health plan that has a retroactive effect and could result if you, or someone seeking coverage on your behalf, performs an act, practice, or omission that constitute fraud, or you make an intentional misrepresentation or omission of material fact. Rescission does not include: (1) a cancellation or discontinuance of coverage with only a prospective effect; (2) a cancellation or discontinuance with a retroactive effect that is attributable to failure to timely pay required premiums or contributions to the cost of coverage; or (3) instances in which an employee pays no premium for coverage after termination of employment and the cancellation or discontinuance of coverage is effective retroactive back to the employee's date of termination of employment due to a delay in administrative record keeping, when a health plan covers only active employees, those covered under continuation provisions, and dependents, if applicable.

Residential Behavioral Health Treatment Facility – A facility licensed under state law in the state in which it is located

that provides residential treatment under the direction of a licensed mental health professional for mental health disorders, or a licensed substance use professional for substance use disorders. The facility provides continuous, 24-hour supervision by a skilled staff who are directly supervised by health care providers. Skilled nursing and medical care are available each day.

Respite Care – Short-term inpatient or home care provided when necessary to relieve family members or other persons caring for the member.

Retail Health Clinic – A clinic located in a retail establishment or worksite. The clinic provides medical services for a limited list of eligible symptoms (for example, sore throat, cold).

Retail Pharmacy – Any licensed pharmacy that you can physically enter to obtain a prescription drug.

Self-Administered Drugs – Drugs you would normally take on your own. These are drugs that can be safely taken by mouth or administered by injection, inhaled, inserted, or applied topically and are covered under your pharmacy/prescription drug benefit. These drugs do not require direct supervision or administration by a health care provider, regardless of whether initial medical supervision or training is required.

Services – Health care services, procedures, treatments, durable medical equipment, medical supplies, and prescription drugs, including specialty drugs.

Skilled Care – Services rendered that are medically necessary and appropriate and provided by a licensed nurse or other licensed health care provider. A service shall not be considered skilled care merely because it is performed by, or under the direct supervision of, a licensed health care provider. Services such as tracheotomy suctioning or ventilator monitoring, that can be safely and effectively performed by a non-medical person (or self-administered) without direct supervision of a licensed health care provider, shall not be regarded as skilled care, whether or not a licensed health care provider actually provides the service. The unavailability of a competent person to provide a non-skilled service shall not make it skilled care when a licensed health care provider provides the service. Only the skilled care component(s) of combined services that include non-skilled care are covered under the plan.

Skilled Nursing Facility – A Medicare-approved facility that provides skilled transitional care, by or under the direction of a Doctor of Medicine (MD) or osteopathy (DO). A skilled nursing facility provides 24 hour-a-day professional registered nursing (RN) services.

Skills Training – Training of basic living and social skills that restore a patient's skills essential for managing their illness, treatment, and the requirements of everyday independent living.

Specialist – A physician who limits his or her practice to a particular branch of medicine or surgery.

Specialty Drugs – Specialty drugs are designated complex injectable and oral drugs that have very specific manufacturing, storage, and dilution requirements that are subject to restricted distribution by the U.S. Food and Drug Administration (FDA); or require special handling, provider coordination, or patient education that cannot be provided by a retail pharmacy.

Specialty Pharmacy Network Supplier – A pharmaceutical specialty provider that has an agreement with Blue Cross pertaining to the payment and exclusive dispensing of selected specialty prescription drugs provided to you.

Step Therapy – Step therapy includes, but is not limited to, drugs in specific categories or drug classes. If your health care provider prescribes one of these drugs, there must be documented evidence that you have tried another eligible drug(s) that is safe, more clinically effective, and in some cases more cost effective before the drugs subject to step therapy will be paid under the drug benefit. Step therapy protocol does not apply to stage four advanced metastatic cancer or associated conditions in accordance with Minnesota law.

Substance Use Disorder and/or Addictions – Alcohol, drug dependence or other addictions as defined in the most current edition of the *International Classification of Diseases (ICD)* and *Diagnostic and Statistical Manual for Mental Disorders (DSM)*.

Supervised Employees – Health care providers employed by a Doctor of Medicine, osteopathy, chiropractic, dental surgery, or a Minnesota Rule 29 behavioral health treatment facility licensed by the Minnesota Department of Human Services. The employing MD, DO, DC, DDS, or mental health professional must be physically present and immediately available in the same office suite more than 50% of each day when the employed health care provider is providing services. Independent contractors are not eligible.

Supplies – Health care materials prescribed by a physician that are not reusable. They are used primarily for a medical purpose and are generally not useful in the absence of illness or injury. Supplies include, but are not limited to:

1. ostomy supplies,
2. catheters,
3. oxygen, and
4. diabetic supplies.

Surrogate Pregnancy – An arrangement in which a person agrees to carry a pregnancy for another person.

Telehealth Services – The delivery of health care services or consultations through the use of real time two-way interactive audio and visual communications to provide or support health care delivery and facilitate the assessment, diagnosis, consultation, treatment, education, and care management of a member's health care. Telehealth includes the application of secure video conferencing, store-and-forward technology, and synchronous interactions between a member located at an originating site and a provider located at a distant site. Originating site means a site where the member is located at the time health care services are provided to the member by means of telehealth. Coverage is provided for health care services delivered through telehealth by means of the use of audio-only communication if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication. Telehealth does not include communication between providers that consists solely of a telephone conversation, e-mail, or facsimile transmission. Telehealth does not include communication between a provider and a member that consists solely of an e-mail or facsimile transmission.

Telemonitoring Services – The remote monitoring of clinical data related to the member's vital signs or biometric data by a monitoring device or equipment that transmits the data electronically to a provider for analysis. Telemonitoring is intended to collect a member's health-related data for the purpose of assisting a provider in assessing and monitoring the member's medical condition or status.

Tobacco Cessation Drugs and Products – Prescription drugs and over-the-counter products that aid in reducing or eliminating the use of nicotine.

Totally Disabled (or Total Disability) – A condition resulting from illness or injury as a result of which, and as certified by a physician, for an initial period of 24 months, you are continuously unable to perform all of the substantial and material duties of your regular occupation. "Total disability" means (a) your inability due to injury or illness to engage in or perform the duties of your regular occupation or employment within the first two years of such disability and (b) after the first two years of such disability, your inability to engage in any paid employment or work for which you may, by education and training, including rehabilitative training, be or reasonably become qualified.

Treatment – The management and care of a patient for the purpose of combating illness or injury. Treatment includes medical care, surgical care, diagnostic evaluation, giving medical advice, monitoring and taking drugs.

Value-Based Program – An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

Waiting Period – The period of time that must pass before you or your dependents are eligible for coverage under this plan.

The Blue Cross® and Blue Shield® Association is an association of independent Blue Cross and/or Blue Shield plans.

You are hereby notified, your health care benefit program is between the Group, on behalf of itself and its employees and Blue Cross and Blue Shield of Minnesota. Blue Cross is an independent corporation operating under licenses from the Blue Cross and Blue Shield Association ("the Association"), which is a national association of independent Blue Cross and/or Blue Shield companies. Although all of these independent Blue Cross and Blue Shield companies operate from a license with the Association, each of them is a separate and distinct operation. The Association allows Blue Cross and Blue Shield Plans to use the familiar Blue Cross and Blue Shield words and symbols. Blue Cross and Blue Shield of Minnesota shall be liable to the Group, on behalf of itself and its employees, for any Blue Cross Blue Shield obligations under your health care benefit program.

NOTICE OF PRIVACY PRACTICES

Effective December 9, 2024

FOR YOUR PROTECTION

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW THIS NOTICE CAREFULLY. Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) have always been committed to maintaining the security and confidentiality of the information we receive from our members. Whether it's your medical information or other identifiable information (such as your name, address, phone number or member identification number) ("protected health information"), or information about race, ethnicity, gender, gender identity, sexual orientation or language, we maintain policies and procedures, and other electronic controls, to guard against unauthorized access and use, and unnecessary collection of information. You should know that we are required by law to provide you this notice about our legal duties and privacy practices. We hope that this notice will clarify our responsibilities to you and provide you with a good understanding of your rights.

Please note: This notice does not apply to members whose employers are self-insured. If your employer is self-insured, you need to contact your employer for more information about your health plan's privacy practices.

HOW BLUE CROSS SAFEGUARDS YOUR PROTECTED HEALTH INFORMATION

Our privacy officer has the overall responsibility to implement and enforce privacy policies and procedures to protect your protected health information. You can be assured that every effort is taken to comply with federal and state laws — physically, electronically and procedurally — to safeguard your information. In some situations, where state laws provide greater protection for your privacy, we will follow the provisions of that state law. Blue Cross requires all of its employees, business associates (such as Prime Therapeutics), providers and vendors to adhere to federal and state privacy laws. Following are descriptions of how your protected health information is handled throughout our administration of your health plan.

PERMITTED HANDLING OF PROTECTED HEALTH INFORMATION

At Blue Cross, your protected health information is handled in a number of different ways as we administer your health plan benefits. The following examples show you the various uses we are permitted by law to make without your authorization:

Treatment. We may disclose your protected health information to health care providers (doctors, dentists, pharmacies, hospitals and other caregivers) who request it to aid in your treatment. We may also disclose your protected health information to these health care providers in our effort to provide you with preventive health, early detection and disease and case management programs.

Payment. To administer your health benefits, policy or contract, we must use and disclose your protected health information to determine:

- Eligibility
- Claims payment
- Utilization and management of your benefits
- Medical necessity of your treatment
- Coordination of your care, benefits and other services
- Responses to complaints, appeals and external review requests

We may also use and disclose your protected health information to determine premium costs, underwriting, rates and cost-sharing amounts, provided that no genetic information may be used for underwriting purposes.

Health care operations. To perform our health plan functions, we may use and disclose your protected health information to provide programs and evaluations, such as:

- Health improvement or health care cost-reduction programs
- Competence or qualification reviews of health care professionals
- Fraud and abuse detection and compliance programs
- Quality assessment and improvement activities and outcomes evaluation

- Performance measurement and outcome assessments, health claims analysis and health services outreach
- Case management, disease management and care coordination services

We may also disclose your protected health information to Blue Cross affiliates and business associates (such as Delta Dental or Prime Therapeutics) that perform payment activities and conduct health care operations on our behalf.

Service reminders. We may contact you to remind you to obtain preventive health services or to inform you of treatment alternatives and/or health-related benefits and services, which may be of interest to you.

ADDITIONAL USES AND DISCLOSURES

In certain situations, the law permits us to use or disclose your protected health information without your authorization. These situations include:

Required by law. We may use or disclose your protected health information, as we are required to do so by state or federal law, including disclosures to the U.S. Department of Health and Human Services. Also, we are required to disclose your protected health information to you in accordance with the law.

We are prohibited by federal law from using or disclosing certain information about a Member's substance use disorders for any purpose, unless the Member consents to the uses and disclosures. In most cases, the Member will give consent through the treating provider.

We cannot use or disclose information to aid an investigation into (or attempt to impose liability against) any person for the mere act of seeking, obtaining, providing, or facilitating legal reproductive health care. For Example, we cannot disclose information for a civil suit brought by a person exercising a private right of action provided for under state law against an individual or health care provider who obtained, provided, or facilitated a lawful abortion.

Before we may disclose information in response to a government agency's (or other person's) request for information that might be related to a Member's reproductive health care, the person making the request must, in some situations, attest that the request does not violate the ban on disclosing

information described in the previous paragraph. For example, we cannot disclose information for a civil suit brought by a person exercising a private right of action provided for under state law against an individual or health care provider who obtained, provided, or facilitated a lawful abortion, unless the person making the request attests that the purpose of the request does not violate the ban.

Public health issues. We may disclose your protected health information to an authorized public health authority for public health activities in controlling disease, injury or disability. For example, we may disclose your protected health information to the childhood immunization registry.

Abuse or neglect. We may make disclosures to government authorities concerning abuse, neglect or domestic violence as required by law.

Health oversight activities. We may disclose your protected health information to a government agency authorized to conduct health care system or governmental procedures such as audits, examinations, investigations, inspections and licensure activity.

Legal proceedings. We may disclose your protected health information in the course of any legal proceeding, in response to a court order or administrative judge and, in certain cases, in response to a subpoena, discovery request or other lawful process.

Law enforcement. We may disclose your protected health information to law enforcement officials. For example, disclosures may be made in response to a warrant or subpoena or for the purpose of identifying or locating a suspect, witness or missing persons or to provide information concerning victims of crimes.

Coroners, medical examiners, funeral directors and organ donations. We may disclose your protected health information in certain instances to coroners and medical examiners during their investigations. We may also disclose protected health information to funeral directors so that they may carry out their duties. We may disclose protected health information to organizations that handle donations of organs, eyes or tissue and transplantations. For example, if you are an organ donor, we can release records to an organ donation facility.

Research. We may disclose your protected health

information to researchers only if certain established measures are taken to protect your privacy. For example, we may disclose to a teaching university to conduct medical research.

To prevent a serious threat to health or safety.

We may disclose your protected health information to the extent necessary to avoid a serious and imminent threat to your health or safety or to the health or safety of others.

Military activity and national security. We may disclose your protected health information to armed forces personnel under certain circumstances, and to authorized federal officials for national security and intelligence activities.

Correctional institutions. If you are an inmate, we may disclose your protected health information to your correctional facility to help provide you health care or to provide safety to you or others.

Workers' compensation. We may disclose your protected health information as required by workers' compensation laws.

Others involved in your health care. Unless you notify us in writing, we may disclose certain billing information to a family member who calls on your behalf. The kind of information we will disclose is the status of a claim, amount paid and payment date. We will not, however, disclose medical information, such as diagnosis or the name of the provider.

Your employer. If your coverage is through your employer, we may disclose information to your employer to review group claims data or to conduct an audit. All information that could be used to identify specific participants is removed unless such identification is necessary.

YOUR AUTHORIZATION

Any uses and disclosures not described in this notice, including most uses and disclosures of psychotherapy notes, the use and disclosure of protected health information for marketing purposes, and the sale of any protected health information, will require your written authorization except where permitted by law. Keep in mind that you may cancel your authorization in writing at any time.

YOUR RIGHTS

Blue Cross would like you to know that you have additional rights regarding your protected

health information. Your additional rights are described below:

Your right to request restrictions. You have the right to request restrictions on the way we handle your protected health information for treatment, payment or health care operations as described in the "Permitted handling of protected health information" section of this notice. The law, however, does not require us to agree to these restrictions. If we do agree to a restriction, we will send you a written confirmation and will not use or disclose your protected health information in violation of that restriction. If we don't agree, we will notify you in writing.

Your right to confidential communications. We will make every effort to accommodate reasonable requests to communicate with you about your protected health information at an alternative location. For our records, we need your request in writing, except in emergency situations where verbal requests will be accepted. It is important that you understand that any payment or payment information may be sent to the original address in our records.

Your right to access. You have the right to receive (or request that a designated person receive), by written request, a copy of your protected health information that is contained in a "designated record set," with some specified exceptions. For example, if your doctor determines that your records are sensitive, we may not give you access to your records. You also have the right to request an electronic copy of protected health information that is maintained electronically.

What is a designated record set?

It's a group of records used to administer your health benefits, including:

- Enrollment
- Payment
- Claims adjudication
- Case or medical management records

Your right to amend your protected health information. You have the right to ask us to amend any protected health information that is contained in a "designated record set." For our records, your request for an amendment must be in writing. Blue Cross will not amend records in the following situations:

- Blue Cross does not have the records you want amended
- Blue Cross did not create the records that you want amended
- Blue Cross has determined that the records are accurate and complete
- The records have been compiled in anticipation of a civil, criminal or administrative action or proceeding
- The records are covered by the federal Clinical Laboratory Improvement Act

If you have requested an amendment under any of these situations, we will notify you in writing that we are denying your request. You have the right to file a written statement of disagreement with us, and we have the right to rebut that statement. Please note that changes of addresses are not required in writing.

Your right to information about certain disclosures. You have the right to request (in writing) information about any times we have disclosed your protected health information for any purpose other than the following exceptions:

- Treatment, payment, or health care operations as described in the “Permitted handling of protected health information” section of this notice
- Disclosures that you or your personal representative have authorized
- Certain other disclosures, such as disclosures for national security purposes

The requirement that we provide you with information about any times we have disclosed your protected health information applies for six years from the date of the disclosure. This applies only to disclosures made on or after April 14, 2003.

Your right to receive notifications of breaches of protected health information. In the event of any unauthorized acquisition, use or disclosure of your unsecured protected health information (a “breach”), Blue Cross will notify you of such breach, unless there is a low probability that your protected health information has been compromised.

FUTURE CHANGES

Although Blue Cross follows the privacy practices described in this notice, you should know that under certain circumstances these practices could change in the future. For example, if privacy laws change, we will change our practices to comply with the law. Should this occur:

- We will post a new notice on our website **bluecrossmn.com** by the effective date of the new notice and will also provide a copy of the new notice, or information about the new notice and how to obtain the new notice, in our next annual mailing to members
- The changes will apply to all protected health information we have in our possession, including any information created or received before we change the notice

A Statement Regarding Substance Use Disorders Part 2 Rule

We cannot use or disclose information about a Member’s treatment for substance use disorders (or provide testimony based on such information) for any civil, criminal, administrative, or legislative proceedings against the Member. Any such disclosure is permitted only with the Member’s consent or a special type of court order, for which the Member must have notice and an opportunity to object, as well as a subpoena, court order, or similar legal mandate.

QUESTIONS & ANSWERS

Q: Will you give my protected health information to my family or others?

A. We will share your protected health information with others only if either of these apply: 1. You are present, in person or on the telephone, and give us permission to talk to the other person, or 2. You sign an authorization form. You should know, however, that state laws do not allow us to disclose certain information about minors — even to their parents.

Q: Who should I contact to get more information or to get an additional copy of this notice?

A: For additional information, questions about this Notice of Privacy Practices, or if you want another copy, please visit the Blue Cross website at **bluecrossmn.com**. You may also call us at **(651) 662-8000** with questions or to obtain forms.

Q: What should I do if I believe my privacy rights have been violated?

A: If you think that we may have violated your privacy rights, or you disagree with a decision we made about access to your protected health information, you may either:

1. Call us at the number listed above
2. File a written complaint with our Privacy Officer at the following address:

Privacy Officer
Blue Cross and Blue Shield of Minnesota
3400 Yankee Drive P32
Eagan, MN 55121

3. Contact the Minnesota Department of Commerce at **(651) 539-1500** or **800-657-3602**
4. Contact the Minnesota Department of Health toll free **1-800-657-3916**
5. Notify the Secretary of the U.S. Department of Health and Human Services (HHS). Send your complaint to:

Office for Civil Rights
U.S. Department of Health and Human Services
233 N. Michigan Ave., Suite 240
Chicago, IL 60601
Voice Phone **(312) 886-2359**,
toll free **1-800-368-1019**
Fax **(312) 886-1807** or TTY **(312) 353-5693**.

6. Call the HHS Voice Hotline number at **1-800-368-1019**

Please be assured that we will not take retaliatory action against you if you file a complaint about our privacy practices either with us or HHS.

NOTICE OF OUR FINANCIAL INFORMATION PRIVACY POLICIES AND PRACTICES

We are dedicated to protecting the privacy of your nonpublic personal financial information, which we collect and maintain. Nonpublic personal financial information is information we have gathered that identifies you. This notice briefly outlines what information we collect, how we protect it and how we may disclose it. We will provide notice to you of relevant changes in our practices.

Information we collect and maintain

We collect nonpublic personal financial information about you such as your name, address, and bank information if you have Pay-It-Easy from sources such as:

- Applications or other forms you submit to us
- Providers or other insurance companies
- Others in the process of administering benefits.

How we protect information

We do not disclose nonpublic personal financial information about our customers or former customers except as permitted by law. We maintain physical, electronic, and procedural safeguards that comply with legal requirements to guard your nonpublic personal financial information.

Information we may disclose

We may disclose any of the nonpublic personal financial information we collect, at different times. You can be assured that we disclose only the information that we believe is needed for a specific purpose.

Companies to whom we may disclose information

We may disclose your nonpublic personal financial information to our affiliates and to nonaffiliated third parties as permitted or required by law, such as the following types of businesses:

- Insurers and other businesses involved in the sale or servicing of insurance products, such as life insurers, insurance agents and brokers
- Health care providers
- Government regulatory agencies
- Companies that perform services on our behalf.

What organizations are covered by this notice

This notice applies to information collected and maintained about customers of the following companies:

- Blue Cross and Blue Shield of Minnesota
- Blue Plus

Questions

If you have any questions, please contact customer service at the number on the back of your member ID card. For a copy of our Notice of Privacy Practices, visit the Blue Cross and Blue Shield of Minnesota website at bluecrossmn.com or call the number listed on the back of your member ID card.
